Notice of Annual Meeting of Stockholders
to be held on August 9, 2016

To the Stockholders of Black Box Corporation:

The Annual Meeting of Stockholders (the “Annual Meeting”) of Black Box Corporation (the “Company”) will be held at the offices of the Company at 1000 Park Drive, Lawrence, Pennsylvania 15055 on Tuesday, August 9, 2016, at 9:00 a.m. Eastern Daylight Time, to consider and act upon the following matters:

1. The election of the eight (8) persons nominated by our Board of Directors and named in the attached proxy statement to serve as members of our Board of Directors;
2. The ratification of the appointment of BDO USA, LLP as the independent registered public accounting firm of the Company for the fiscal year ending March 31, 2017; and
3. A non-binding advisory vote to approve the compensation of our named executive officers, as disclosed in the proxy statement.

Stockholders also will be asked to consider such other matters as may properly come before the Annual Meeting. Our Board of Directors has established the close of business on Wednesday, June 15, 2016 as the record date for the determination of the stockholders entitled to notice of and to vote at the Annual Meeting.

If you plan to attend the Annual Meeting in person, please note that you may be required to present a valid picture identification such as a driver's license or passport.

Important Notice Regarding the Availability of Proxy Materials for the 2016 Annual Stockholders' Meeting. The Company is mailing to its stockholders a Notice of Internet Availability of Proxy Materials, rather than mailing a full paper set of the materials. The Notice of Internet Availability of Proxy Materials contains instructions on how to access the Company's proxy materials on the Internet, as well as instructions on obtaining a paper copy. All stockholders who do not receive such a Notice of Internet Availability of Proxy Materials, including stockholders who have previously requested to receive a paper copy of the materials, will receive a full set of paper proxy materials by U.S. mail. This process will reduce the Company's costs to print and distribute its proxy materials.

Voting by the Internet or telephone is fast and convenient, and each vote is immediately confirmed and tabulated. If a stockholder receives a paper copy of the proxy materials, the stockholder may also vote by completing, signing, dating and returning the accompanying proxy card in the enclosed return envelope furnished for that purpose. By using the Internet or telephone, the stockholders can help the Company reduce postage and proxy tabulation costs.

**PROXY STATEMENT FOR ANNUAL MEETING
OF STOCKHOLDERS**

August 9, 2016

This proxy statement is being furnished to the holders of common stock, par value \$.001 per share (“Common Stock”), of Black Box Corporation, a Delaware corporation (the “Company,” “we,” “our” or “us”), in connection with the solicitation by our Board of Directors (“Board of Directors” or “Board”) of proxies to be voted at the Annual Meeting of Stockholders (the “Annual Meeting”) scheduled to be held on Tuesday, August 9, 2016, at 9:00 a.m. Eastern Daylight Time, at the offices of the Company at 1000 Park Drive, Lawrence, Pennsylvania 15055, or at any adjournment thereof. We mailed our Notice of Internet Availability of Proxy Materials on or about June 29, 2016. For stockholders who previously elected to receive a paper copy of the proxy materials, we mailed the Proxy Statement, our Annual Report for the year ended March 31, 2016 and the proxy card on or about June 29, 2016.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to Be Held on August 9, 2016:

This proxy statement and the Company’s 2016 Annual Report to stockholders are available for you to review online at www.proxydocs.com/bbox.

Only holders of Common Stock of record as of the close of business on Wednesday, June 15, 2016, are entitled to notice of and to vote at the Annual Meeting and at any adjournment thereof. On that date, 15,089,321 shares of Common Stock, each entitled to one (1) vote per share, were outstanding.

All shares of Common Stock represented by valid proxies received by the Secretary of the Company prior to the Annual Meeting will be voted as specified in the form of proxy. If no specification is made, the shares will be voted FOR each of the nominees named below for election as director; FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2017 (“Fiscal 2017”); and FOR approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement. Unless otherwise indicated by the stockholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting of which our management had no knowledge prior to the mailing of this proxy statement. A stockholder giving a proxy has the power to revoke it at any time prior to its exercise by delivering to the Secretary of the Company a written revocation or a duly-executed proxy bearing a later date (although no revocation shall be effective until actual notice thereof has been given to the Secretary of the Company) or by attending the Annual Meeting and voting his or her shares in person.

Under our Second Restated Certificate of Incorporation, as amended (“Certificate of Incorporation”), Amended and Restated By-laws, as amended (“By-laws”), and applicable state law, abstentions and broker non-votes (which arise when a registered broker, who holds securities in street name, has not received voting instructions from a customer having beneficial ownership of the securities, and the broker does not have discretionary authority to vote on one or more matters being presented at the annual meeting) are each included in the determination of the number of shares present for purposes of determining a quorum. At the Annual Meeting, directors will be elected by a plurality vote (although the Board has adopted a policy requiring any director receiving more “withheld” votes than “for” votes to submit such director’s resignation; see the “Board of Directors and Board Committees - Corporate Governance Guidelines - Voting for Directors” section of this proxy statement) and all other matters will be decided by the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes are not votes cast and will not be included in calculating the number of votes necessary for approval of the matter.

Our Board of Directors unanimously recommends a vote FOR each of the nominees named below for election as director; FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for Fiscal 2017; and FOR approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement.

ANNUAL MEETING MATTERS

Proposal 1 – Election of Directors

Our By-laws provide that the number of directors constituting our entire Board shall be nine (9), or such other number as shall be fixed by the stockholders or by our Board, and that all directors will stand for election each year. Our Board has fixed the number of directors serving on our Board at eight (8) members. Each of the directors elected at our Annual Meeting will hold office for a term of one (1) year and until their respective successors are elected and qualified, subject to the right of our stockholders to remove any director as provided in our By-laws. Stockholders may fill any vacancy in the office of a director. In the absence of a stockholder vote, a vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by our Board to fill a vacancy will serve until his or her successor is elected and qualified or until his or her earlier death, resignation or removal. If our Board increases the number of directors, it may fill any vacancy so created.

The holders of Common Stock have one (1) vote for each share owned as of the record date in the election of directors. The eight (8) nominees receiving the greatest number of affirmative votes will be elected as directors for terms expiring in 2017.

Upon recommendation of the Nominating & Governance Committee (the "N&G Committee") of our Board of Directors, our Board has nominated the following eight (8) persons for election to the position of director at the Annual Meeting: Richard L. Crouch, Richard C. Elias, Thomas W. Golonski, Thomas G. Greig, John S. Heller, William H. Hernandez, E.C. Sykes and Joel T. Trammell. These nominees are all directors currently serving on our Board. All of the director nominees are independent under the listing standards of The NASDAQ Stock Market ("NASDAQ") except for E.C. Sykes as a result of his position as our President and Chief Executive Officer ("CEO").

The persons named as proxies on the enclosed proxy card were selected by our Board and have advised our Board that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting FOR the election to our Board of Directors of each of our Board's nominees named above.

Our Board knows of no reason why any nominee for director would be unable to serve as director. If, at the time of the Annual Meeting, any of the named nominees is unable or unwilling to serve as a director, the persons named as proxies intend to vote for such substitute as may be nominated by our Board of Directors.

The following sets forth certain information concerning the nominees for election to our Board of Directors at the Annual Meeting:

Richard L. Crouch, 69, was elected as a director on August 10, 2004. Mr. Crouch was a General Partner with the firm of PricewaterhouseCoopers LLP from 1979 to 2004, having served as an Audit Partner principally assigned to public companies. Richard C. Elias, 62, was selected to be a director on November 3, 2014 and was elected by our stockholders on August 11, 2015. Mr. Elias retired from PPG Industries, Inc. Mr. Heller retired from Caterpillar Inc., a manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives, in February 2012. He held a number of positions of increasing responsibility at Caterpillar during a 38-year career, last serving as Vice President and Chief Information Officer for more than his last 5 years at Caterpillar.

Qualifications: Mr. Heller brings almost 40 years of experience in the information technology arena in which he oversaw the procurement, installation and operation, for a world-wide enterprise, of many of the products and services provided by the Company. He also brings significant executive-level managerial skills including broad experience in operations, mergers and acquisitions and strategic planning and execution. His experience and in-depth knowledge of the technology industry provides valuable insight to the Board with respect to industry practices and the challenges and risks facing the Company particularly from the perspective of a large, international enterprise.

William H. Hernandez, 68, was selected to be a director on December 3, 2009 and was elected by our stockholders on August 10, 2010. Mr. Hernandez was the Senior Vice President, Finance and Chief Financial Officer of PPG from 1995 until October 15, 2009. Prior to assuming those duties in 1995, he served as PPG's Controller from 1990 to 1994 and as Vice President and Controller from 1994. From 1974 until 1990, he held a number of positions at Borg-Warner Corporation, a supplier of motor vehicle parts and systems. Qualifications: Mr. Hernandez contributes to the Board's broad experience in corporate finance, risk management, operations, mergers and acquisitions, strategic planning and executive compensation. In particular, Mr. Hernandez is highly qualified in the fields of accounting, internal controls, investor relations and economics, all of which contribute to effective service on the Board and its committees. Mr. Hernandez serves on the boards of other public companies through which he has gained additional experience in risk management and corporate governance.

E.C. Sykes, 55, was selected to be a director effective February 29, 2016 in connection with his appointment as the CEO of the Company, which became effective on the same date. Mr. Sykes was employed by Flextronics International Ltd. (an international supply chain solutions company) ("Flextronics") from 1999 to 2013. He advanced from General Manager to Executive Officer and Group President of the Industrial and Emerging Products Group. Following his career at Flextronics, Mr. Sykes was President and CEO of Switch Lighting (an LED lighting company) from 2013 to 2014. Since leaving Switch Lighting and prior to joining the Company, Mr. Sykes was a consultant, investor and served on boards of private, public-private and educational endeavors.

Qualifications: As our CEO, Mr. Sykes is responsible for determining and implementing the strategic direction of the Company, serving as the liaison between the Board and management. He also is responsible for implementing the directives of the Board. He brings to the Board a strong track record of executive management skills and a demonstrated track record of leading growth and profitability in a variety of challenging product and service businesses.

Joel T. Trammell, 51, was selected to be a director on March 27, 2013 and was elected by our stockholders on August 6, 2013. He was a founder and the Chief Executive Officer of CacheIQ, Inc., a network computing company, from June 2010 until it was acquired by NetApp, Inc. in November 2012. Previously, he was a founder and served as the Chief Executive Officer of NetQoS, Inc., a network management software and services company, from June 2000 to November 2009.

Qualifications: Mr. Trammell has significant experience in the technology and computer networking sphere and served as the chief executive officer for two startup technology companies which grew to significant size prior to successful exit transactions. He brings to the Board broad experience in management, operations, strategic growth and sales. His service on the boards of other technology-based companies and his experience in the industry allows him to provide valuable insight to our Board with respect to industry practices and the challenges and risks facing the Company.

Our Board of Directors unanimously recommends that our stockholders vote FOR each of our Board’s nominees for election to our Board.

Proposal 2 – Ratification of the Appointment of the Independent Registered Public Accounting Firm

In May 2016, the Audit Committee of our Board appointed BDO USA, LLP (“BDO”) as our independent registered public accounting firm for Fiscal 2017. As a sound governance matter, our Audit Committee has determined to submit the appointment to our stockholders for ratification at the Annual Meeting.

The affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting is required for the ratification by our stockholders of such appointment. Unless otherwise directed by our stockholders, proxies will be voted FOR the ratification of the appointment of BDO as our independent registered public accounting firm for Fiscal 2017. In the event that this appointment is not ratified by the stockholders, our Audit Committee will consider this vote in determining its future appointment of our independent registered public accounting firm. Even if the appointment is ratified, our Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such change would be in the Company’s and its stockholders’ best interests.

A representative of BDO is expected to be present at the Annual Meeting, will not be making a statement but will be available to respond to appropriate questions.

Our Board of Directors unanimously recommends that our stockholders vote FOR approval of the ratification of the appointment of BDO as our independent registered public accounting firm for Fiscal 2017.

Proposal 3 – Advisory Vote to Approve the Compensation of our Named Executive Officers

Our stockholders have the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement as required by Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). This “Say on Pay” vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, including the “*Compensation Discussion and Analysis*” (“CD&A”) section set forth in this proxy statement under the caption “*Executive Compensation and Other Information*” and the compensation tables and narrative following the CD&A.

At our 2011 Annual Meeting of Stockholders, the Company held an advisory (non-binding) vote to determine the frequency of future “Say on Pay” votes. Based on the voting results for this proposal at the 2011 Annual Meeting of Stockholders, the Board determined that the advisory vote to approve the compensation of our named executive officers will be conducted annually, until the next advisory vote is held to determine the frequency of the “Say on Pay” vote, which will occur no later than our 2017 Annual Meeting of Stockholders.

We believe that our CD&A and other compensation disclosures included in the proxy statement evidence a sound and prudent compensation philosophy and set of policies and practices and that our compensation decisions are consistent with that philosophy and those policies and practices.

In light of the foregoing considerations, we are asking our stockholders to indicate their approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, including the CD&A and the compensation tables and narrative following the CD&A. Although this is an advisory vote which will not be binding on the Compensation Committee of the Board or the Board, the Compensation Committee and the Board will carefully review the results of the stockholder vote and consider stockholders’ concerns in future determinations concerning executive compensation.

Our Board of Directors unanimously recommends that our stockholders vote FOR approval of the compensation of our named executive officers as disclosed in this proxy statement.

BOARD OF DIRECTORS AND BOARD COMMITTEES

Our Board of Directors held fifteen (15) meetings during the fiscal year ended March 31, 2016 (“Fiscal 2016”). During Fiscal 2016, each director attended not fewer than seventy-five percent (75%) of the aggregate of the total number of meetings of our Board and the total number of meetings of each committee on which such director served during the period in which such director served on our Board and such committee. Executive sessions of the non-employee members of our Board are scheduled for each regular Board meeting and many committee meetings and many regular Board meetings and certain committee meetings include such an executive session.

Stockholders can communicate with our Board or individual directors by writing to the Company’s Secretary at: Black Box Corporation, 1000 Park Drive, Lawrence, Pennsylvania 15055. Our Board believes that our annual meeting also is an appropriate forum for stockholder communications with our Board. Our Board strongly encourages board member attendance at all meetings, including annual meetings with stockholders. All directors (other than Mr. Sykes who was not a director at that time) attended the Annual Meeting of Stockholders held in August 2015.

Corporate Governance Guidelines

Our Board of Directors has adopted the Black Box Corporation Corporate Governance Guidelines (the “Guidelines”) to assist the Board in the exercise of its duties and responsibilities and to serve the best interests of the Company. The Guidelines reflect the Board’s commitment to monitor the effectiveness of policy and decision-making both at the Board and management levels. These Guidelines were established to assist the Board in the exercise of its duties and responsibilities. The Guidelines are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally-binding obligations.

A complete copy of the Guidelines is available in the “About - Investor Relations - Corporate Governance” section of our website at www.blackbox.com. Any changes to the Guidelines will be posted on our website.

The following is a summary that provides highlights of our Guidelines and many related corporate governance matters:

Director Independence. A substantial majority of the members of the Board shall qualify as independent directors under all appropriate tests as determined by the Board. It is the sense of the Board that, absent compelling circumstances, all members of the Audit Committee, Compensation Committee and N&G Committee of the Board shall be independent. The Board undertakes a regular review of director independence, generally not less frequently than annually.

Board Leadership Structure. It is the sense of the Board that a separate CEO and Chairman of the Board is currently the most appropriate structure for the Company because it allows each person to focus on his or her respective roles. By retaining these separate roles, our CEO can focus attention solely on the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of our Board can focus attention on providing guidance to the CEO and presiding over meetings of the Board. The Board has adopted a resolution that the Chairman of the Board shall be an independent director under the applicable SEC and NASDAQ rules. The Board believes that this leadership structure enhances (i) the Board’s oversight of, and independence from, Company management, (ii) the ability of the Board to carry out its roles and responsibilities on behalf of the stockholders and (iii) overall corporate governance. In the event that the Board determines that it is in the best interests of the Company that the positions of CEO and Chairman be held by the same person, the Board shall establish a Lead Independent Director to ensure that the Board serves in a capacity independent of Company management and that all independent directors have an independent leadership contact.

Size of the Board. The Board does not believe that there is a “correct” number of directors for the Company. Instead, the Board, in accordance with the By-laws, will determine, from time to time, the appropriate number of directors.

Board Nominees/Vacancies. The N&G Committee is responsible for making recommendations of potential Board members to the Board. The Board is responsible for nominating potential members for election to the Board at meetings of the stockholders and for filling vacancies on the Board that may occur between such stockholder meetings. The N&G Committee and the Board consider the independence, experience relative to our business and the needs of our Board, diversity and the ability to represent our stockholders when evaluating potential nominees. Potential Board members should show a willingness to fully participate in Board meetings, a proven track record of career accomplishments, the ability to make sound judgments and leadership qualities. Although the Company does not have a specific diversity policy as it relates to the evaluation of potential Board members, the N&G Committee charter provides that the committee is to consider diversity when evaluating candidates. Accordingly, the N&G Committee strives to identify potential Board members with a diverse array of talents, backgrounds and perspectives.

Outside Board Membership. The Board does not have a policy limiting the number of other public company boards upon which a director may sit. Independent directors should advise the Chairman in advance of accepting an invitation to serve on another public company board. Sitting on another public company’s board should not create a conflict of interest or impair the director’s ability to provide sufficient time to carry out his or her duties as a director of the Company. Management directors shall seek and obtain the approval of the Board before accepting an invitation to serve on a public company board.

[Table of Contents](#)

Term Limits/Retirement Age. The Board has not established term limits or a retirement age. While term limits or a retirement age may help ensure that fresh ideas and viewpoints are available to the Board, they also may provide the disadvantage of losing the beneficial contribution of directors who have developed, over a period of time, increasing knowledge of, and insight into, the Company and its operations and who, therefore, could bring experience-based contributions to the Board as a whole.

Change in Director Relationships. When a director's principal occupation or business association changes substantially during his or her tenure as a director, that director should notify the Chairman who shall consult with the N&G Committee. Following such consultation, the N&G Committee will recommend to the Board the action, if any, to be taken with respect to such director.

Voting for Directors. In any uncontested election of directors, any nominee who receives a greater number of votes "withheld" than votes "for" such director's election is required, within ten (10) business days following the certification of the stockholder vote, to tender his or her written resignation to the Chairman of the Board for consideration by the N&G Committee. The N&G Committee will promptly consider such tendered resignation and will make a recommendation to the Board concerning the acceptance or rejection of such resignation. In determining its recommendation to the Board, the N&G Committee will consider all factors deemed relevant including any stated reason why stockholders who cast "withhold" votes for the director did so, the qualifications of the director and whether the director's resignation from the Board would be in the best interests of the Company and its stockholders. The N&G Committee also will consider a range of possible alternatives concerning the director's tendered resignation as it deems appropriate including acceptance of the resignation, rejection of the resignation, or rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed to have resulted in the "withheld" votes. The Board will take formal action no later than 90 days following the date of the stockholders' meeting at which the election occurred and will promptly disclose its decision (and the reason(s) therefor) in a Form 8-K furnished to the SEC. No director who, in accordance with this policy, is required to tender his or her resignation may participate in the N&G Committee's deliberations or recommendation, or in the Board's deliberations or determination.

Meetings of the Board. The Board meets regularly on previously determined dates. Board meetings are held at least quarterly. Each Board member is expected to attend Board meetings and meetings of the committees on which the director serves in person. The agenda for each Board and Board committee meeting is provided in advance of the meeting, together with written materials on matters to be presented for consideration, for the directors' review prior to the meeting.

Executive Sessions. The independent directors, consisting of all directors other than any directors who are employed by or officers of the Company, generally meet in executive session at each Board meeting. The Chairman presides over these meetings.

Annual Meeting of Stockholders. All directors are expected to attend the Annual Meeting of Stockholders.

Communications with Directors. Stockholders can communicate with our Board or individual directors by writing to the Company's Secretary at: Black Box Corporation, 1000 Park Drive, Lawrence, Pennsylvania 15055. Our Board believes that our annual meeting also is an appropriate forum for stockholder communications with our Board.

Code of Business Conduct & Ethics. The Board has approved and adopted our Code of Business Conduct & Ethics (the "Code of Business Conduct") applicable to all directors, officers and employees of the Company and its subsidiaries (available in multiple languages in the "About - Ethics" section of our website at www.blackbox.com). In addition, the Company has adopted an additional Code of Ethics for Senior Financial Officers (available in the "About - Investor Relations - Corporate Governance" section of our website at www.blackbox.com). The Company will promptly disclose on its website (i) any amendments to or waivers of a director's or executive officer's compliance with the Code of Business Conduct and (ii) any amendments to or waivers of the Code of Ethics for Senior Financial Officers.

Risk Management. Our management is responsible for the day-to-day management of the risks we face, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. No single Board committee, however, is responsible for overall risk oversight. Rather, each Board committee identifies and assesses Company risk, as appropriate, within its given area of responsibility, and any such identified risk is reported to the Board as part of the governance process. For example, our Compensation Committee reviews, generally on an annual basis with the assistance of its consultant, the Company's compensation policies and practices in order to assess whether such policies and practices are reasonably likely to have a material adverse effect on the Company. We conduct an annual risk assessment to identify the most significant risks to which we are subject. The results of this assessment are compiled and reported to our Audit Committee which reports the most significant risks to the Board. Management discusses those risks with the Board, along with mitigating factors, and the Board then makes recommendations regarding remedial actions where necessary.

Related Party Transactions/Conflicts of Interest. The Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying all transactions between the Company and any related persons. Our Code of Business Conduct requires that all directors, officers and employees refrain from activities that might involve a conflict of interest. Additionally, our Code of Business Conduct provides that directors, officers and employees must openly and honestly handle any actual, apparent or potential conflict between that individual's personal and business relationships and our interests. Before making any investment, accepting any position or benefit, participating in any transaction or business arrangement or otherwise acting in a manner that creates or appears to create a conflict of interest, such person must make a full disclosure of all relevant facts and circumstances to, and obtain the prior written approval of, the Chief Financial Officer or General Counsel. The Chief Financial Officer and General Counsel make reports to the Audit Committee regarding compliance with the Code of Business Conduct. Further, the Chief Financial Officer makes reports to the Audit Committee with respect to proposed related-party transactions for which that committee's approval would be required.

Compensation of Directors. The Board sets the level of compensation for directors, based on the recommendation of the N&G Committee, and takes into account the impact of compensation on director independence. The N&G Committee reviews periodically the amount and form of compensation paid to directors and considers the compensation paid to directors of other comparable companies. The committee may conduct its review with the assistance of outside consultants in the field of executive compensation. Directors who are also current employees of the Company receive no additional compensation for services as directors.

Stock Retention Guidelines. To further achieve the objective of more closely aligning the interests of our non-employee directors with those of our stockholders, the Board has adopted stock retention guidelines for our non-employee directors requiring each of them to hold, until retirement, but subject to diversification at age 60, that number of shares with a value of three (3) times the amount of the annual non-employee director retainer, or \$250,000, whichever amount is higher. Any person who has been a non-employee director for less than five (5) years shall not be subject to these guidelines but it is the sense of the Board that any such non-employee director shall retain not less than 50% of the shares received by such non-employee director from any equity grant(s) made to such non-employee director by the Company. All of our non-employee directors are currently in compliance with these ownership guidelines.

Anti-Hedging Policy

The Company has a policy prohibiting directors and employees from engaging in any hedging activity with respect to the Company's public equity securities (including any security convertible into any such security). Prohibited hedging activities include prepaid variable forward contracts, puts and calls, equity swaps, collars, short-sales and exchange funds or any other transaction that is designed to or has the effect of hedging or offsetting any decrease in the market value of a security.

Our policies and procedures for review, approval or ratification of transactions with related persons are not contained in a single policy or procedure; instead, relevant aspects of such program are drawn from various corporate documents. Most importantly, our Audit Committee's charter provides that our Audit Committee must review and, if appropriate, approve or ratify all transactions between us and any related persons.

Our Code of Business Conduct requires that all of our and our subsidiaries' directors, officers and employees refrain from activities that might involve a conflict of interest, and openly and honestly handle any actual, apparent or potential conflict between that individual's personal and business relationships and our interests. Before making any investment, accepting any position or benefit, participating in any transaction or business arrangement or otherwise acting in a manner that creates or appears to create a conflict of interest, such person must make a full disclosure of all relevant facts and circumstances to, and obtain the prior written approval of, our Chief Financial Officer or our General Counsel. Our Chief Financial Officer and our General Counsel make reports to our Audit Committee, pursuant to the terms of its charter, regarding compliance with our Code of Business Conduct. Further, our Chief Financial Officer makes reports to our Audit Committee with respect to proposed related-party transactions for which that committee's approval would be required.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The following discussion provides an overview of our executive compensation philosophy and programs as detailed further in this CD&A:

- The objectives of our executive compensation program are to link pay with performance by rewarding the achievement of our short- and long-range goals, recognizing individual executive performance and contributions and promoting increased value creation for our stockholders.
- We target base salaries below the market median, while subject to factors such as experience in the position, generally targeting annual cash incentives and long-term equity incentives modestly above the market median, providing for total compensation at slightly above the market median but with a substantial majority of total compensation being at-risk and based on pre-established performance goals. For Fiscal 2016 and Fiscal 2017, the Compensation Committee recommended and the Board approved total cash compensation and long-term equity incentives for certain of our named executive officers, including our CEO, below the market median, resulting in total compensation below the market median.
- The compensation program for our named executive officers consists of the following three (3) primary components: base salary, a cash-based annual incentive award with multiple performance metrics and equity-based long-term incentive awards consisting of stock options, restricted stock units and performance share awards.
- Our Compensation Committee and other Board members attend and participate in strategic planning meetings presented by our named executive officers and other key business leaders prior to the Board's review and approval of the Company's operating plan for the fiscal year. This reviewed and approved operating plan then forms the basis for the determination of the appropriate performance measures for our annual and certain long-term incentive awards.
- Our annual incentive program for Fiscal 2016 was based on four (4) equally weighted measures of annual financial performance: adjusted operating margin, adjusted operating margin percent, organic revenue growth and free cash flow. These metrics are viewed as critical to successful performance of the business consistent with our pay-for-performance philosophy. This award is 100% "at-risk."
- Our long-term incentive program is intended to drive the achievement of critical long-term business objectives and align our management's interests with those of our stockholders. The mix of long-term awards serves a number of compensation objectives, with 50% of the target value of each named executive officer's long-term incentive award granted in the form of performance shares, 30% of the value granted in the form of stock options and 20% of the value granted in the form of time-vested restricted stock units. Thus, 80% of our long-term incentive awards are "at-risk."
- All of our long-term equity awards are settled in stock and, as a result, link the named executive officer's compensation to future stock price performance and, if earned, increase the named executive officer's stock ownership. The named executive officers are subject to stock retention guidelines described herein with respect to these performance share awards and restricted stock units, thus aligning the interests of our named executive officers with those of our stockholders.
- Our named executive officers are not provided any perquisites, although we do reimburse for certain relocation expenses.
- In Fiscal 2016, our Compensation Committee and our Board approved certain actions that evidence our commitment to maintaining a compensation structure that pays for performance in alignment with our compensation philosophy, including the following:
 - No base salary merit increases were provided to our named executive officers; and
 - Target incentives for our named executive officers were unchanged from their levels for the fiscal year ended March 31, 2015 ("Fiscal 2015").
- During Fiscal 2016, our management team continued its focus on strategic initiatives for efficiency and effectiveness in our businesses, while aligning expenses with revenues. In addition, \$14 million was returned to our stockholders through dividends and stock repurchases and we reduced our outstanding senior indebtedness by \$18 million, resulting in our lowest net debt position in over 11 years.
- Our Compensation Committee, with the assistance of our compensation consultant, again undertook a "realizable pay-for-performance" analysis of our former CEO's compensation in order to evaluate the alignment of our CEO's compensation with performance as measured by actual compensation paid and performance relative to our peer group of companies. This analysis is described below.
- In the fourth quarter of Fiscal 2016, our Board named E.C. Sykes as our new CEO, effective February 29, 2016.

Role of Our Compensation Committee and Our Compensation Philosophy

Our Compensation Committee evaluates and recommends to our Board our compensation philosophy and practices and is charged with administering our compensation program for our named executive officers. During Fiscal 2016, our named executive officers were E.C. Sykes, Michael McAndrew (our former CEO), Timothy C. Huffmyer and Ronald Basso.

Our Compensation Committee believes that the total executive compensation package paid to our named executive officers should be designed to pay-for-performance by rewarding the achievement of our short- and long-range goals, recognizing individual executive performance and contributions and promoting increased value creation for our stockholders.

Objectives of Our Compensation Program

In line with our philosophy, our Compensation Committee has developed the following objectives for our compensation program which are to:

- attract, develop and retain high quality executives to manage and grow our business
- link a significant portion of an executive's pay to the performance of the organization through the use of at-risk performance-based compensation

Our compensation program rewards our named executive officers and other key employees for outstanding contributions to the achievement of our goals and overall success, particularly growth in stock price, annual profits and cash flow.

The Compensation Committee has identified a number of key performance metrics that it believes represent value creation for our stockholders. These metrics were incorporated into the incentive arrangements for our named executive officers for Fiscal 2016.

Performance Metric	Annual Incentive Cash Bonus	Equity-Based Long-Term Incentive
Adjusted operating margin	X	
Adjusted operating margin percent	X	
Organic Revenue Growth	X	
Free Cash Flow	X	
Total Shareholder Return ("TSR")		X
Adjusted EBITDA		X

These were the same metrics used for Fiscal 2015.

Components of Our Executive Compensation Program

Our Compensation Committee generally follows a designed compensation package which includes the following elements positioned against the competitive market as follows:

- base salary positioned below the market median
- annual incentive cash bonus opportunity positioned modestly above the market median
- long-term incentive values positioned modestly above the market median

Our Compensation Committee's and Board's philosophy has been to approve below-market base salaries and modestly above-market incentive compensation opportunities for our named executive officers, subject to experience in the position. Our Compensation Committee's goal is to deliver total compensation to our named executive officers (base salary plus annual cash bonus plus long-term incentives) modestly above the market median with a focus on performance-based incentives. Based on our compensation consultant's review of our Fiscal 2016 compensation program, target total cash compensation (base salary plus target annual incentive opportunity) was positioned below the market median for all of our named executive officers and target total direct compensation (base salary plus target annual incentive opportunity plus the grant value of long-term incentive awards) was positioned below the market median for all of our named executive officers, except for Mr. Basso, whose target total direct compensation was positioned modestly above the market median.

[Table of Contents](#)

In connection with this evaluation, our Compensation Committee retained the services of an outside compensation consultant to assist with a review of peer and broad market executive compensation data and to help us determine how our executive compensation program, given our philosophy and culture, should be structured to achieve our objectives. The structure of our executive program, providing for a base salary, an annual cash incentive and a long-term incentive, provided the foundation for the executive compensation decisions made for Fiscal 2016 and Fiscal 2017 described below. The elements and objectives of our compensation program are presented in the following chart:

Compensation Element	Description	Form	Objective
Base salary	Fixed payment positioned below the median of competitive market data as adjusted for level of responsibility, experience and qualifications	<ul style="list-style-type: none"> ▪ Cash 	<ul style="list-style-type: none"> ▪ Support talent retention and attraction ▪ Provide a dependable source of income
Annual Incentive Plan (AIP)	Variable based on the achievement of annual financial objectives with the ability to utilize negative discretion to adjust payout	<ul style="list-style-type: none"> ▪ Cash 	<ul style="list-style-type: none"> ▪ Link pay with Company performance ▪ Drive the achievement of short-term business objectives ▪ Incent the achievement of our annual operating plan
Long-Term Incentive Program Awards	Variable based on the achievement of longer-term financial goals and stockholder value creation	<ul style="list-style-type: none"> ▪ 50% - performance share awards payable in Common Stock; 30% - stock options granted at fair market value; 20% - time-vested restricted stock units payable in Common Stock 	<ul style="list-style-type: none"> ▪ Link pay with Company and stock price performance ▪ Drive the achievement of longer-term business objectives and goals and focus on stock price appreciation ▪ Align with stockholder interests ▪ Build ownership in the Company through increased holdings of Common Stock

Overview of Annual Setting of Executive Compensation

Our Compensation Committee seeks the advice of an outside compensation consultant to assist it with collecting and reviewing information regarding the executive compensation programs of a selected group of peer companies (the list of which for Fiscal 2016 is provided below) and to provide it with more general survey data regarding executive compensation practices. The role of the outside compensation consultant in our executive compensation processes and procedures is described under the caption “*Board of Directors and Board Committees - Compensation Committee*” in this proxy statement. Our CEO also consults with our Compensation Committee regarding each element of our executive compensation program. At our Compensation Committee’s request, our CEO provides recommendations to our Compensation Committee related to appropriate financial performance metrics and goals which he believes will align our compensatory programs with our overall business strategy. Our Compensation Committee generally holds special meetings to prepare for its annual compensation recommendations to our Board. Our Compensation Committee is provided with and reviews survey data provided by our compensation consultant, our management’s recommendations, tally sheets of our named executive officers’ historical compensation and other data and utilizes the committee members’ collective knowledge of industry and market pay practices of similarly-situated executives, along with our overall compensation philosophy, in determining its compensation recommendations for each executive officer. At certain of its meetings, the Compensation Committee holds executive sessions, which exclude our management and, subject to the Compensation Committee’s discretion, include its independent consultants. Our Compensation Committee then submits its recommendations to our Board for review and approval.

We do not have a policy of reducing awards based upon the amounts realized from prior compensation. Our Compensation Committee believes that the intended value of an award on its grant date reflects both the possible upside and the possible downside of any such award. Likewise, we do not have a policy of increasing awards based upon amounts not realized from prior compensation awards.

Relationship between Pay and Performance

One of the main objectives of our compensation philosophy is to align our named executive officers' compensation with the performance of the Company ("pay-for-performance"). Our Compensation Committee recently reviewed the relationship between our CEO's realizable compensation and the Company's performance over the three (3) fiscal years ended March 31, 2016. The analysis, which was prepared by the Compensation Committee's compensation consultant, compared our CEO's realizable compensation with the Company's performance, relative to a peer group, in order to assess whether the Company's performance and realizable compensation of our CEO are aligned. The peer group utilized for this analysis is the same peer group utilized for the Fiscal 2016 compensation decisions described below. Mr. McAndrew was our CEO for such period until February 29, 2016.

Realizable compensation is defined as (i) base salary, (ii) actual bonus earned, (iii) aggregate current value of restricted stock grants made during the period, (iv) aggregate in-the-money value of stock option grants made during the period and (v) for performance plans, the actual payouts for awards beginning and ending during the three-year performance period and the estimated payout for unvested awards granted during the three-year performance period. Realizable compensation was calculated in the same manner for our CEO and the CEOs of our peer group companies. The realizable value of long-term equity-based awards was valued using each company's closing stock price on March 31, 2016.

Financial and stockholder performance for the Company and the peer group were evaluated over the same periods as realizable compensation using the following four (4) performance measures: TSR; revenue growth; EBITDA growth; and operating margin. These measures were selected because they have been used in the Company's short-term and/or long-term incentive plans and were considered by the Compensation Committee's compensation consultant to be reasonable indicators of Company performance. The Company's percentile ranking for each performance measure relative to the peer group was averaged to form a composite performance ranking.

Over the prior one-year period, our CEO's realizable annual incentive compensation ranked at the 25th percentile of the peer group, for the three (3) fiscal years ended March 31, 2016, our CEOs' (Mr. McAndrew and his predecessor) realizable compensation was ranked at the 12th percentile of the peer group and, for the five-year period, our CEOs' realizable compensation ranked at the 4th percentile of the peer group. During the one, three and five-year periods ended March 31, 2016, the Company's composite performance, based on the metrics noted above, ranked in the 10th, 13th and 7th percentiles, respectively, of the peer group. Based on this information, the Compensation Committee believes that our CEOs' realizable compensation was strongly aligned with our performance over those periods relative to our peer group.

The Compensation Committee observed that the relatively low positioning of realizable compensation is attributable to the following factors:

- In aggregate, the annual incentive plan has paid out below target over the past one (1), three (3) and five (5) years, respectively, indicating the presence of rigorous goals;
- All stock options granted in the five (5) years ended March 31, 2016 are underwater; and
- TSR-based and Adjusted EBITDA-based performance shares, in aggregate over the five (5) years ended March 31, 2016, have a realizable value of approximately 11% and 12%, respectively, of target value at grant.

In addition, the Compensation Committee's compensation consultant compared our CEOs' realizable compensation with the Company's TSR performance, relative to a peer group, and noted strong alignment.

Based on its analysis and these observations, the Compensation Committee is satisfied with the alignment of our CEO's realizable compensation with the performance of the Company. The chart below provides an illustration of this realizable pay-for-performance analysis.

Summary of Fiscal 2016 Executive Compensation Decisions

In making Fiscal 2016 compensation decisions relating to our named executive officers, our Compensation Committee considered our general executive compensation philosophy of paying below-market base salaries and modestly above-market incentive compensation, subject to experience in the position. Our compensation consultant provided a comprehensive, current assessment of a peer group, which was the same peer group for Fiscal 2015 (the “Fiscal 2016 Peer Group”), as well as survey data relating to these positions to develop overall compensatory arrangements for our executives. Our Compensation Committee also reviewed our management’s recommendations related to appropriate financial performance metrics and goals which our management believes will align our compensatory programs with our overall business strategy. Our Compensation Committee considered summary information of the total compensation paid to our named executive officers during the prior three (3) fiscal years. Our Compensation Committee discussed with our CEO proposals relating to the compensation of our named executive officers (other than the CEO). After discussions with our CEO and the outside compensation consultant, our Compensation Committee recommended to our Board for approval the Fiscal 2016 total direct compensation of the named executive officers, other than for our CEO, described below and, in the case of our CEO, after review of Fiscal 2016 Peer Group and survey data with the compensation consultant in the absence of our CEO, our Compensation Committee recommended to our Board for approval the Fiscal 2016 total direct compensation of our CEO described below. Our Compensation Committee believes that the incentive compensation of the named executive officers (annual cash bonus and long-term incentive compensation) described below, combined with Fiscal 2016 base salaries, provides a compensation opportunity for each executive above median as compared to similarly-situated executives as reflected in the data provided by the compensation consultant, consistent with our executive compensation philosophy.

Results of Stockholder Votes on Named Executive Officer Compensation

At our 2013, 2014 and 2015 Annual Meetings of Stockholders, we held an advisory vote to approve the compensation of our named executive officers in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act. At those meetings, our stockholders in each case approved the compensation of our named executive officers, with over 98% of votes cast in favor of approving the compensation paid to our named executive officers at our 2015 Annual Meeting. As we evaluated our compensation policies and practices for Fiscal 2016 and Fiscal 2017, we were mindful of the strong support our stockholders expressed for our pay-for-performance philosophy, which is designed to link the compensation paid to our named executive officers to the Company's financial performance and stockholder value. Accordingly, the Compensation Committee decided to retain our general approach to executive compensation, with an emphasis on performance-based incentive compensation components that reward our executives only when they deliver value to the Company and our stockholders.

Use of Market Compensation Data

In order to make informed decisions regarding compensation matters for our named executive officers, the Compensation Committee's compensation consultant provides market compensation data for each executive position using peer group data as disclosed in each company's proxy statement and, in some instances, survey data.

A peer group of companies was first developed in Fiscal 2009, after discussions among our Compensation Committee, the compensation consultant and our management, for use, along with survey data, to assess whether each of the named executive officers' total compensation (base salary, annual bonus and long-term incentive compensation) was competitive relative to similarly-situated executives. The peer group is analyzed each year in order to maintain an appropriate peer group based on size and industry. The Fiscal 2016 Peer Group, shown below, is the same peer group utilized in Fiscal 2015. The compensation consultant advised the Compensation Committee that these companies provided a relevant peer group and, therefore, no changes were made.

Fiscal 2016 Peer Group

Axiom Corporation	Emulex Corporation
ADTRAN, Inc.	Finisar Corporation
Aviat Networks, Inc.	Gartner, Inc.
Belden Inc.	MAXIMUS, Inc.
CIBER, Inc.	Mitel Networks Corporation

Cincinnati Bell Inc.	Plantronics, Inc.
Comtech Telecommunications Corp.	Polycom, Inc.

- number of employees;
- structure of the business defined in terms of asset turnover (revenue/assets) and profit margin; and
- financial performance in relation to the Company's financial performance in terms of market capitalization, TSR, return on capital and profitability.

In selecting peer companies, the Compensation Committee takes a collective view of the selection criteria, and reviews companies suggested by our management team, companies that consider us to be their peer, peers of our peers and peer groups utilized by others in their analysis of us, and does not rely on any single metric. The Compensation Committee believes that the peer companies represent companies of similar size and complexity to us.

In some instances, the outside compensation consultant also presented our Compensation Committee with broad survey data which was supplemented with data from the Fiscal 2016 Peer Group for the CEO, the Chief Financial Officer and the Vice President positions for market target annual and long-term incentives, which was based on executive-position match, as another means by which our Compensation Committee could assess and judge the compensation paid to our named executive officers. When utilized, the survey data is further size adjusted using regression equations based on the revenue responsibility of the executive position.

Base Salaries. In May 2015, a review was conducted of our named executive officers' base salaries in light of their performance and the survey and peer group data presented by our compensation consultant and our compensation philosophy to pay below-market base salaries. Following such review, it was determined that the base salaries of our named executive officers at that time continued to align with our compensation philosophy and, therefore, were considered appropriate for Fiscal 2016. Accordingly, no change was made in the base salaries of our named executive officers for Fiscal 2016. These base salaries are positioned from 13% to 25% below the market median based on the survey data presented by our compensation consultant.

Fiscal 2016 Annual Cash Bonus Program. At the recommendation of our Compensation Committee, in May 2015, our Board approved the annual cash incentive bonus plan for Fiscal 2016 (the "FY16 Annual Incentive Plan"). The FY16 Annual Incentive Plan was similar to our annual cash incentive plan for Fiscal 2015 except that adjusted operating margin replaced operating earnings per share, which had been used as performance metrics in previous annual incentive plans, following an analysis by the Compensation Committee's compensation consultant as to the more common metrics used in similar plans and a recommendation by Company management of those metrics that were relevant to the Company's primary business objectives. The main objective of the FY16 Annual Incentive Plan was to motivate our named executive officers to achieve the Company's overall operating plan and was implemented after strategic planning meetings attended by the Compensation Committee and other Board members at which the Company's operating plan for Fiscal 2016 was presented by our management and then reviewed and approved by our Board. The performance goals for the FY16 Annual Incentive Plan and the actual Company achievement of such performance goals were as follows:

	Weighting	Actual FY16 Annual Incentive Plan Performance	FY16 Annual Incentive Plan Performance Goals			
			Actual FY16 Performance as a Percent of Target Goal	Threshold (85% of Target, except for Organic Revenue Growth which is 50% of Target)	Target	Maximum (115% of Target, except for Organic Revenue Growth which is 150% of Target)
Adjusted operating margin (\$ in millions)	25%	\$20.4	34%	\$50.6	\$59.5	\$68.4
Adjusted operating margin percent	25%	2.2%	40%	4.8%	5.6%	6.4%
Free Cash Flow (\$ in millions)	25%	\$28.4	112%	\$21.6	\$25.4	\$29.2
Organic Revenue Growth	25%	(6)%	(100)%	3%	6%	9%

For the FY16 Annual Incentive Plan, "adjusted operating margin" was operating income plus Reconciling Items (as defined below); "adjusted operating margin percent" was operating income plus Reconciling Items (as applicable to this metric) divided by total revenues; "organic revenue growth" was total revenues excluding the impact of currency changes and the impact of acquisitions or dispositions; and "free cash flow" means cash from operations less net capital expenditures and excludes the impact of currency changes. As shown in the above table, these performance goals were equally weighted. "Reconciling Items" means: (i) intangibles amortization; (ii) asset write-up expense on acquisitions; (iii) expenses, settlements, judgments and fines associated with material litigation (\$500,000 or greater per matter); (iv) the impact of any goodwill impairment; (v) the effect of changes in tax laws or accounting principles affecting reported results; and (vi) restructuring expense in excess of \$3 million in any fiscal year. The Compensation Committee considered other performance metrics as potential performance measures for the FY16 Annual Incentive Plan but concluded that the foregoing metrics were appropriate and consistent with our compensation objectives. The Compensation Committee retained negative discretion to decrease any payout that would otherwise be made under the FY16 Annual Incentive Plan.

Pursuant to the FY16 Annual Incentive Plan design, the achievement of the performance goals at the threshold level would have resulted in a payout of 50% of targeted annual bonus, the achievement of the performance goals at the target level would have resulted in a payout of 100% of targeted annual bonus and the achievement of the performance goals at the maximum level would have resulted in a payout of 150% of targeted annual bonus. The targeted annual bonus award levels under the FY16 Annual Incentive Plan for our named executive officers were as follows: Mr. McAndrew - 100% of base salary, or \$550,000; Mr. Huffmyer - 70% of base salary, or \$231,000; and Mr. Basso - 80% of base salary, or \$280,000. The foregoing amounts reflect the cash bonus that the executive would have received if each performance goal was achieved at the target level. The FY16 Annual Incentive Plan design is intended to comply with IRC Section 162(m) thereby preserving the deductibility of compensation and enhancing our governance structure by using objective pre-established performance goals and stockholder approved performance metrics.

As shown above, in Fiscal 2016, our adjusted operating margin was \$20.4 million, or 34% of the target, our adjusted operating margin percent was 2.2%, or 40% of the target, our free cash flow was \$28.4 million, or 112% of the target, and our organic revenue growth was (6)%, or (100)% of the target, resulting in a 35% payout under the FY16 Annual Incentive Plan as reflected in the

[Table of Contents](#)

“Non-Equity Incentive Plan Compensation” column for Fiscal 2016 in the “*Summary Compensation Table - Fiscal 2016, Fiscal 2015 and Fiscal 2014*” in this proxy statement.

Adjusted operating margin of \$20.4 million was computed as operating loss of \$187.8 million plus Reconciling Items before-tax, of \$208.2 million. Adjusted operating margin percentage of 2.2% was computed as adjusted operating margin of \$20.4 million divided by total revenues of \$912.7 million. Free cash flow of \$28.4 million was computed as net cash provided by operating activities of \$37.2 million minus net capital expenditures of \$10.3 million plus foreign currency impact of \$1.5 million. Organic revenue growth was computed as Fiscal 2016 revenues of \$912.7 million plus currency impact of \$15.5 million compared to Fiscal 2015 revenues of \$992.4 million.

Fiscal 2016 Long-Term Incentive Program. In connection with its Fiscal 2016 compensation decisions, the Compensation Committee, with the assistance of our compensation consultant, reviewed the equity-based long-term incentive awards utilized in the Fiscal 2015 Long-Term Incentive Program (“FY15 LTIP”) in order to determine whether they remained appropriate to achieve our objectives consistent with our compensation philosophy. These objectives for the long-term incentive program included facilitating the achievement of long-range goals, promoting value creation for our stockholders and providing certain long-term incentive that is independent of the Company’s stock price. After consideration and input from our management and our compensation consultant, our Compensation Committee recommended, and our Board approved, the Fiscal 2016 Long-Term Incentive Program (“FY16 LTIP”) in a form substantially similar to the FY15 LTIP. Accordingly, the FY16 LTIP is comprised of a restricted stock unit grant payable in shares of Common Stock representing 20% of the award, a stock option grant representing 30% of the award and performance share awards representing, at the target level payout at the time of grant, 50% of the award and payable in shares of Common Stock.

The restricted stock units and stock options granted pursuant to the FY16 LTIP will vest in equal increments over three (3) years. The payout on 50% of the dollar value of the performance share awards will be based on the Company’s performance relative to a cumulative adjusted EBITDA goal (the “FY16 EBITDA Goal”) and the payout on the remaining 50% of the dollar value of the performance share awards will be based on the Company’s TSR relative to the Fiscal 2016 Peer Group’s TSR, in each case for the three (3) fiscal years ending March 31, 2018. With respect to the performance share awards based on the FY16 EBITDA Goal,

- the achievement of 80% of the FY16 EBITDA Goal will result in a payout of 50% of such performance share awards;
- the achievement of 100% of the FY16 EBITDA Goal will result in a payout of 100% of such performance share awards; and
- the achievement of 120% of the FY16 EBITDA Goal will result in a payout of 150% of such performance share awards.

With respect to the performance share awards based on relative TSR,

- the ranking of the Company’s TSR in the 35th percentile of the peer group’s TSR will result in a payout of 50% of such performance share awards;
- the ranking of the Company’s TSR in the 55th percentile of the peer group’s TSR will result in a payout of 100% of such performance share awards;
- the ranking of the Company’s TSR in the 75th percentile of the peer group’s TSR will result in a payout of 150% of such performance share awards; and
- the ranking of the Company’s TSR in the 100th percentile of the peer group’s TSR will result in a payout of 200% of such performance share awards.

If the Company’s TSR over the performance period is negative, the award is capped at 100% regardless of the Company’s performance relative to the peer group.

Subject to Board review and approval, the Compensation Committee approved the following targeted amounts and awards under the FY16 LTIP to the Company’s executive officers: Mr. McAndrew - a restricted stock unit award for 15,840 shares of the Common Stock, a stock option grant for 59,500 shares of the Common Stock and performance share awards for 39,500 shares of the Common Stock with a grant date value of approximately \$1,545,000; Mr. Huffmyer - a restricted stock unit award for 4,610 shares of the Common Stock, a stock option grant for 17,330 shares of the Common Stock and performance share awards for 11,510 shares of the Common Stock with a grant date value of approximately \$450,000; and Mr. Basso - a restricted stock unit award for 7,690 shares of the Common Stock, a stock option grant for 28,880 shares of the Common Stock and performance share awards for 19,170 shares of the Common Stock with a grant date value of approximately \$750,000. Certain key, non-executive officer employees are also participating in the FY16 LTIP generally on the same relative basis as the executive officers.

[Table of Contents](#)

At the time of grant, the FY16 EBITDA Goal for the performance share awards was likely to be achieved at 80% of target, was challenging but achievable at 100% of target (but would require successful implementation of mergers and acquisitions) and was remotely achievable at 120% of target.

Based on the survey data discussed above, the FY16 LTIP opportunity for Mr. McAndrew was positioned 36% below the market median.

Fiscal 2014 Long-Term Incentive Program Results

The Fiscal 2014 Long-Term Incentive Program (the “FY14 LTIP”) followed the same design format as the FY16 LTIP described above. Accordingly, the FY14 LTIP comprised of a restricted stock unit grant payable in shares of Common Stock representing 20% of the award, a stock option grant representing 30% of the award and performance share awards representing, at the target level payout at the time of grant, 50% of the award and payable in shares of Common Stock, with the performance criteria for the performance share awards under the FY14 LTIP being Adjusted EBITDA for 50% of the performance share awards and TSR relative to the Fiscal 2014 Peer Group for the other 50% of such awards, and with a three-year performance period ended March 31, 2016 (the “FY14 LTIP Performance Period”).

In May 2016, the Compensation Committee reviewed the Company’s performance with respect to these metrics. The Company achieved Adjusted EBITDA of \$159.0 million for the FY14 LTIP Performance Period against a target of \$350.3 million, resulting in no payout of performance share awards based on this metric. With respect to the performance share awards based on relative TSR, the Company achieved in the 11th percentile of the Fiscal 2014 Peer Group, below the threshold of the 35th percentile, and, thus, no payout was made on these awards. This result demonstrates the alignment of the Company’s compensation programs with its pay-for-performance philosophy.

Compensation Decisions with respect to New CEO

E.C. Sykes was elected to serve as the President and CEO effective February 29, 2016. As previously disclosed, the Board, based on a recommendation from the Compensation Committee, approved the following compensation for Mr. Sykes: an annual base salary of \$650,000 and a restricted stock unit award, vesting over a 3-year period, for 40,000 shares of the Common Stock. Mr. Sykes also will be reimbursed relocation and similar expenses up to \$200,000. The Board also approved an agreement with Mr. Sykes described in the section of this proxy statement entitled “*Potential Payments Upon Termination or Change-In-Control.*”

Description of Compensation Practices and Policies for Fiscal 2017

In connection with our Fiscal 2017 compensation decisions, our Compensation Committee again engaged our outside compensation consultant to undertake a comprehensive market assessment to provide our Compensation Committee with context and market insights for making compensation decisions. This review included a discussion of current market trends in executive compensation.

Similar to the decision-making process for prior years, in making Fiscal 2017 compensation decisions relating to our named executive officers, our Compensation Committee considered our executive compensation philosophy and our business strategy. In connection with its comprehensive review, our compensation consultant reviewed our prior compensation decisions and advised our Compensation Committee that our executive compensation decisions were aligned with this compensation philosophy.

For its Fiscal 2017 compensation decisions, our Compensation Committee reviewed peer group data developed by our compensation consultant at the request of our Compensation Committee. The peer group utilized for Fiscal 2017 compensation decisions was the same as the Fiscal 2016 Peer Group except for the following changes: Emulex Corporation had been acquired and was no longer available to use as a peer; Infinera Corporation, Datalink Corporation and ShoreTel, Inc. were added to align the peer group’s revenue size with the Company’s; and Mitel Networks Corporation and Polycom, Inc. were removed due to their pending merger. The compensation consultant advised the Compensation Committee that the Fiscal 2017 Peer Group, as revised, provided a relevant peer group for Fiscal 2017 decisions (the “Fiscal 2017 Peer Group”).

[Table of Contents](#)

Our compensation consultant also presented and our Compensation Committee reviewed broad survey data as supplemented with data from the Fiscal 2017 Peer Group for the CEO, the Chief Financial Officer and the Executive Vice President for market target annual and long-term incentives. Our compensation consultant presented this data to the Compensation Committee in relation to the positions held by our named executive officers to develop overall compensatory arrangements for these executives. Our Compensation Committee also reviewed our management's recommendations related to appropriate financial performance metrics and goals for the Company which they believe will align our compensatory programs with our overall business strategy. Our Compensation Committee considered summary information of the total compensation paid to our named executive officers during the prior three (3) fiscal years and summary data of each named executive officer's stock awards and stock options position. Our Compensation Committee discussed with our CEO proposals relating to the compensation of our named executive officers (other than the CEO). After discussions with our CEO and the outside compensation consultant, our Compensation Committee recommended to our Board for approval the Fiscal 2017 total direct compensation described below for the named executive officers (other than our CEO). In the case of our CEO, after review of peer group and survey data with the compensation consultant in the absence of our CEO, our Compensation Committee recommended to our Board for approval the Fiscal 2017 total direct compensation described below for our CEO. Our Compensation Committee believes that the incentive compensation of the named executive officers (annual cash bonus and long-term incentive compensation) described below, combined with Fiscal 2017 base salaries, provides a compensation opportunity for each executive above median as compared to similarly-situated executives as reflected in the data provided by the compensation consultant, consistent with our executive compensation philosophy.

Base Salaries. A review was conducted of our named executive officers' base salaries in light of their performance and the survey and peer group data presented by our compensation consultant and our compensation philosophy to pay below-market base salaries. Following such review, it was determined that the base salaries of Messrs. Basso and Huffmyer should be increased 5% and 2%, respectively. At such levels, the base salaries of our named executive officers continue to align with our compensation philosophy of paying base salaries below the market median. Based on the survey data presented by our compensation consultant, these adjusted base salaries are positioned relative to the market median as follows: Mr. Sykes - 13% below market; Mr. Huffmyer - 20% below market; and Mr. Basso - 7% below market.

Fiscal 2017 Annual Cash Bonus Program. At the recommendation of our Compensation Committee, in May 2016, our Board approved an annual cash incentive bonus plan for Fiscal 2017 (the "FY17 Annual Incentive Plan") which is similar to the FY16 Annual Incentive Plan, with revisions to the metrics discussed below. The main objective of the FY17 Annual Incentive Plan is to motivate our named executive officers to achieve the Company's overall operating plan, including better use of working capital. The performance goals for the FY17 Annual Incentive Plan are "adjusted operating margin," "organic revenue" and "working capital/revenues." The "working capital/revenues" metric, which measures efficient use of capital, replaces "free cash flow" and "adjusted operating margin percentage" which had been used as performance metrics in previous annual incentive plans.

Payouts range from 50% to 200% of targeted annual bonus depending upon the level of performance. Costs/benefits incurred due to unplanned projects will not impact achievement of numbers. The Compensation Committee retained negative discretion to decrease the amount of any award earned under the FY17 Annual Incentive Plan.

The Compensation Committee granted, and the Board approved, targeted annual bonus awards under the FY17 Annual Incentive Plan to the Company's executive officers as follows: Mr. Sykes - 100% of base salary, or \$650,000; Mr. Huffmyer - 70% of base salary, or \$235,620; and Mr. Basso - 80% of base salary, or \$294,000. Certain key, non-executive officer employees are also participating in the FY17 Annual Incentive Plan generally on the same terms as the executive officers but with other metrics tied to performance of their respective business unit, as applicable.

Fiscal 2017 Total Cash Compensation. Total cash compensation is comprised of base salary and annual cash bonus opportunity. Based on the survey data discussed above, the target total cash compensation for the named executive officers is positioned relative to the market median as follows: Mr. Sykes - 15% below market; Mr. Huffmyer - 15% below market; and Mr. Basso - 1% above market.

Fiscal 2017 Long-Term Incentive Program. In connection with its Fiscal 2017 compensation decisions, the Compensation Committee considered the elements used under the FY16 LTIP described above and concluded that such elements provided appropriate long-term incentives. After consideration and input from our management and our compensation consultant, our Compensation Committee recommended, and our Board approved, the Long-Term Incentive Program for Fiscal 2017 (the "FY17 LTIP") in a form substantially similar to the FY16 LTIP. Accordingly, the FY17 LTIP is comprised of a restricted stock unit grant payable in shares of Common Stock representing 20% of the award, a stock option grant representing 30% of the award and performance share awards representing, at the target level payout at the time of grant, 50% of the award and payable in shares of Common Stock.

Based on the recommendation of its compensation consultant as to the majority practice, the Compensation Committee recommends, and the Board approves LTIP awards based on a dollar value, and also approves a methodology for determining the number of shares under each award based on such dollar value. The same methodology was applied with respect to the FY16 LTIP awards.

[Table of Contents](#)

The Compensation Committee and the Board approved the following targeted amounts and awards under the FY17 LTIP to the Company's executive officers: Mr. Sykes - a restricted stock unit award for 33,390 shares of the Common Stock, a stock option grant for 121,330 shares of the Common Stock and performance share awards for 83,520 shares of the Common Stock with a grant date value of approximately \$2,002,000; Mr. Huffmyer - a restricted stock unit award for 8,420 shares of the Common Stock, a stock option grant for 30,600 shares of the Common Stock and performance share awards for 21,070 shares of the Common Stock with a grant date value of approximately \$504,900; and Mr. Basso - a restricted stock unit award for 12,260 shares of the Common Stock, a stock option grant for 44,550 shares of the Common Stock and performance share awards for 30,670 shares of the Common Stock with a grant date value of approximately \$735,000. Certain key, non-executive officer employees are also participating in the FY17 LTIP generally on the same relative basis as the executive officers.

At the time of grant, the cumulative adjusted EBITDA goal for the performance share awards based on such performance metric was likely to be achieved at 100% of target and was challenging but achievable at 120% of target.

Based on the survey data discussed above, the FY17 LTIP opportunity for the named executive officers is positioned relative to the market median as follows: Mr. Sykes - 15% below market; Mr. Huffmyer - 26% below market; and Mr. Basso - 29% above market.

Fiscal 2017 Total Compensation. Based on the survey data discussed above, the total Fiscal 2017 compensation opportunity for the named executive officers is positioned relative to the market median as follows: Mr. Sykes - 16% below market; Mr. Huffmyer - 23% below market; and Mr. Basso - 14% above market.

Executive Stock Ownership Guidelines

In connection with the Fiscal 2016 compensation decisions, at the recommendation of Company management and the Compensation Committee, the Board amended the stock ownership guidelines applicable to our named executive officers to provide clarity regarding the amount of stock required to be held to meet the guidelines relative to base salary.

Our stock ownership guidelines utilize a retention approach. As revised, under these guidelines, our named executive officers are required to hold 100% of the net, after-tax shares of Common Stock issued to them pursuant to awards until such named executive officer's shares have a value of 1.5 times (3.0 times for the CEO) his or her base salary. For newly named executive officers, in order to facilitate executive recruitment, such retention guidelines are 60% for the first two years, 80% for the next two years and 100% thereafter. All of our named executive officers are in compliance with these ownership guidelines.

Retirement Benefits

We generally do not have a Company-funded post-retirement medical benefits program or a defined benefit pension program for our key employees. Until his retirement, Mr. McAndrew participated in the Retirement and Security Program of the National Telecommunications Cooperative Association (the "NTCA Plan"), a multiple employer pension plan in which the subsidiary of the Company that employed Mr. McAndrew participates as a contributing employer.

Anti-Hedging Policy

The Company has a policy prohibiting employees (and directors) from engaging in any hedging activity with respect to the Company's public equity securities (including any security convertible into any such security). Prohibited hedging activities include prepaid variable forward contracts, puts and calls, equity swaps, collars, short-sales and exchange funds or any other transaction that is designed to or has the effect of hedging or offsetting any decrease in the market value of a security.

Clawback Policy

The independent directors of the Board may direct the Company to seek to recover all or a portion of any bonus or incentive compensation realized (whether from cash or equity awards), or cancel any equity awards granted, to an executive officer or former executive officer if the Company's financial results are restated due or substantially due to intentional fraud or misconduct by any such person. The bonus or incentive compensation to be recouped is to be based on the financial results that were restated and the person in question must have engaged in the intentional misconduct or fraud. This remedy is not exclusive and, therefore, the independent directors also may pursue any and all other remedies available including termination of such person.

No Perquisites

The Company does not provide perquisites to its executives.

Change-in-Control and Employment Termination Arrangements

We entered into agreements with Mr. Sykes in February 2016 when he joined the Company, Mr. Huffmyer in October 2012 in connection with his election as an executive officer of the Company and Mr. Basso in January 2013 when he joined the Company.

[Table of Contents](#)

We entered into an agreement with Mr. McAndrew, our former CEO, in May 2007 in connection with his election as an executive officer of the Company. Mr. McAndrew's agreement was amended and restated in December 2008 to comply with Section 409A ("Section 409A") of the Internal Revenue Code of 1986, as amended (the "Code") (or certain exceptions thereto). In connection with Mr. McAndrew's appointment as CEO on April 1, 2013, the Company entered into an amended and restated agreement with Mr. McAndrew ("Amended Change in Control Agreement") that was modified by a separation agreement dated February 8, 2016. After June 3, 2016, Mr. McAndrew was not entitled to any compensation under his Amended Change in Control Agreement.

The agreements with Messrs. Sykes, Huffmyer and Basso generally provide for certain benefits to these named executive officers in the event that their respective employment is terminated within two (2) years of a change-in-control either by (i) us for a reason other than cause, death, disability or retirement or (ii) the named executive officer's resignation for good reason.

Our Compensation Committee and our Board approved these agreements and change-in-control and employment termination provisions in our compensation arrangements to reduce the distraction regarding the impact of such a transaction on the personal situation of a named executive officer and to provide incentives to them to remain with us through the consummation of a change-in-control transaction, if any. The level of severance provided, should the executive be terminated prior to or within two (2) years following a change-in-control, aligns with the level commonly provided in the market.

For a more detailed description of the change-in-control arrangements with our named executive officers, see the "Potential Payments Upon Termination or Change-in-Control" section of this proxy statement.

Other Matters

Section 409A generally provides that amounts deferred under nonqualified deferred compensation arrangements will be subject to accelerated income recognition, interest and substantial penalties unless the arrangement satisfies certain design and operational requirements. We have modified our compensatory arrangements as necessary so that compensation payable under the arrangements is not subject to taxation under Section 409A. These amendments were not intended to increase the benefits payable under our plans and arrangements.

Section 162(m) of the Code ("Section 162(m)") provides that a publicly-traded corporation may not deduct from its federal income taxes compensation in excess of \$1 million for amounts paid to each of its chief executive officer or to any of the three (3) highest compensated officers other than the chief executive officer unless such excess compensation is "performance-based." Among other requirements, for compensation to be "performance-based" for purposes of Section 162(m), the performance goals must be pre-established and objective. The awards made pursuant to our annual and long-term incentive plans were issued pursuant to our stockholder-approved 2008 Long-Term Incentive Plan, as amended ("Incentive Plan"), and, other than the restricted stock units, are intended to be "performance-based" for purposes of Section 162(m). Our Compensation Committee or Board also may provide incentive compensation that is not "performance-based" for purposes of Section 162(m) and, therefore, not deductible for federal income tax purposes to the extent that non-deductible compensation is in excess of the \$1 million limitation.

Compensation Committee Report

Our Compensation Committee reviewed and discussed with our management the *Compensation Discussion and Analysis* set forth in this proxy statement. Based on the foregoing review and discussions, our Compensation Committee recommended to our Board that the *Compensation Discussion and Analysis* be included in this proxy statement.

RISK ASSESSMENT

During the fiscal year ended March 31, 2011 ("Fiscal 2011"), the Compensation Committee reviewed our compensation policies and practices in order to assess whether such compensation policies and practices are reasonably likely to have a material adverse effect on the Company. In order to assist in such review, the Compensation Committee engaged our compensation consultant. Our compensation consultant reviewed our pay philosophy, program design, program governance and administration and mitigating factors that offset risk. Our compensation consultant concluded that:

- our compensation philosophy, while emphasizing below market fixed salaries and above-market variable compensation components, does not promote an inappropriate level of risk;
- our incentive design is appropriate and serves to reward appropriate risk taking;
- governance and plan administration is appropriate;
- mitigating factors, including a stock retention policy and Compensation Committee discretion, are present;
- certain pay practices that may promote risk are not present;
- none of the elements reviewed indicate a critical issue or appear to promote material risk; and
- appropriate levels of approval, review and governance exist to mitigate the risk of inappropriate actions.

Based on such review, in Fiscal 2011, our Compensation Committee recommended to the Board, and our Board concluded, that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In Fiscal 2017, our Compensation Committee confirmed with our compensation consultant that, at the present time, and based on the limited changes made to our program over the past three (3) years, there is no basis for a contrary conclusion and that the Board's adoption of anti-hedging and clawback policies have enhanced the Company's risk management regarding executive compensation. Management also reported to our Compensation Committee and Board regarding our compensation programs generally in connection with such assessment.

SUMMARY COMPENSATION TABLE – FISCAL 2016, FISCAL 2015 AND FISCAL 2014

The following table sets forth cash compensation paid by us and our subsidiaries, as well as other compensation paid or accrued during Fiscal 2016, Fiscal 2015 and Fiscal 2014 to (i) E.C. - (1) Reflects the aggregate grant date fair value with respect to awards of restricted stock units and performance shares for each named executive officer computed in accordance with FASB ASC Topic 718. The assumptions underlying the valuation of these awards is set forth in Note 13 of the Notes to the Consolidated Financial Statements set forth in the 2016 Form 10-K. The amount presented for Fiscal 2016 assumes the payout at target of performance share awards granted to Messrs. McAndrew, Huffmyer and Basso. If these performance awards were to be paid out at the maximum amount, the value of all stock awards for Fiscal 2016 for Messrs. McAndrew, Huffmyer and Basso would be \$1,352,081, \$393,982 and \$656,180, respectively.
- (2) Reflects the dollar amount recognized for financial statement reporting purposes in accordance with FASB ASC Topic 718. For Fiscal 2016, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 7.5 years; volatility of 43.9%; a risk-free interest rate of 2.0%; and a dividend yield of 1.8%. For Fiscal 2015, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 7.7 years; volatility of 45.1%; a risk-free interest rate of 2.3%; and a dividend yield of 1.3%. For Fiscal 2014, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 6.8 years; volatility of 42.3%; a risk-free interest rate of 1.3%; and a dividend yield of 1.3%.
- (3) As previously disclosed, Mr. Sykes became President and CEO of the Company on February 29, 2016.
- (4) Mr. McAndrew (since April 1, 2011) participates in the NTCA Plan. One of our subsidiaries is a member of the National Telecommunications Cooperative Association, which sponsors the NTCA Plan, a multiple employer pension plan in which such subsidiary participates as a contributing employer. The amount in this column for Fiscal 2016 represents the aggregate change in actuarial present value of Mr. McAndrew’s accumulated benefits under the NTCA Plan from December 31, 2014 to December 31, 2015 (the last day of the NTCA Plan’s most-recently completed fiscal year). For more information regarding the NTCA Plan and the assumptions used to calculate this amount, see the “*Pension Benefits Table*” and the “*Understanding Our Pension Benefits Table*” sections in this proxy statement.
- (5) Represents the Company’s contributions to the NTCA Plan for Mr. McAndrew (\$28,706 in Fiscal 2016), amounts paid by us for Messrs. Sykes, Huffmyer and Basso under a 401(k) plan and payments for Messrs. Sykes, McAndrew, Huffmyer

PENSION BENEFITS – FISCAL 2016

The following table provides information with respect to each plan that provides for specified retirement payments or benefits, or payments or benefits that will be provided primarily following retirement, to our named executive officers, including tax-qualified defined benefit plans and supplemental employee retirement plans, but excluding defined contribution plans:

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)

Michael McAndrew	NTCA Plan	4.75 ⁽¹⁾	238,000 ⁽²⁾	28,706
Timothy C. Huffmyer	—	—	—	—
Ronald Basso	—	—	—	—

- (1) Mr. McAndrew commenced participation in the NTCA Plan on April 1, 2011.
- (2) The actuarial present value of Mr. McAndrew’s accumulated benefits under the NTCA Plan was computed as of December 31, 2015 (the last day of the most recently completed fiscal year of the NTCA Plan). The amount was computed using the following assumptions and valuation methods: (i) a retirement age of 65, (ii) an annual increase of 2.0% of compensation, (iii) the 2015 mortality table provided in Internal Revenue Service Notice 2013-49 and (iv) a discount rate of 7.00%.

UNDERSTANDING OUR PENSION BENEFITS TABLE

The Retirement and Security Program of the National Telecommunications Cooperative Association

The NTCA Plan is a multiple employer pension plan which is the main pension plan for over 370 employers who are members of the National Telecommunications Cooperative Association (of which one of our subsidiaries is a member). The NTCA Plan will pay retirement benefits to Mr. McAndrew based on his years of service with us and his compensation. As a qualified plan, the NTCA Plan is subject to various requirements on coverage, funding, vesting and the amount of compensation which may be taken into account in calculating benefits.

Normal Retirement. The “normal retirement benefit” under the NTCA Plan is the benefit which will be received at the normal retirement date, which is the first day of the month containing the participant’s 65th birthday. The normal retirement benefit is expressed as a life annuity with ten (10) years certain.

The normal retirement benefit is the sum of the basic normal retirement benefit that the participant has accrued on the basis of active participation and certain other types of benefits such as fixed benefits, supplemental benefits and benefit upgrades. The basic normal retirement benefit increases as the participant's average compensation increases and is based on: (i) "High-5 Compensation" which means the average of the participant's W-2+ Compensation (defined below) for the five (5) years of the last ten (10) years during which the participant's W-2+ Compensation was the highest ("W-2+ Compensation" means W-2 wages, including any bonuses, overtime and commissions, plus pre-tax 401(k) contributions, Section 125 contributions (cafeteria plan contributions) and Section 457 contributions (contributions to a non-qualified deferred compensation plan adopted after 1986 by a tax-exempt employer) and, effective for plan years beginning after December 31, 2000, Section 132(f)(4) income (qualified transportation fringe benefit income), but excluding income attributable to employer-sponsored group term life insurance over \$50,000), (ii) total accruals, which is generally the sum of certain contribution percentages (both employer and employee) made on the participant's behalf plus contribution percentages added through program upgrades, rollovers and prior service benefits, (iii) the applicable program actuarial factor and (iv) the applicable uplift multiplier.

Additionally, the maximum annual pension which the participant accrues may never exceed 100% of the participant's average W-2+ Compensation (taxable compensation prior to January 1, 1998) for the participant's "High-3" ("High-3" compensation refers to the average of the highest three (3) consecutive years of the participant's W-2+ Compensation) years before retirement.

Early Retirement. The NTCA Plan permits early retirement on or after the first day of the month in which the participant reaches the age of 55 pursuant to the "Rule-of-85." The Rule-of-85 allows certain plan participants to retire early (before the age of 65 but not before age 55) without an actuarial reduction in their accrued benefits for retiring before age 65. Under this formula, the sum of a participant's age at retirement and number of years of service must equal or exceed 85 in order for the participant to be eligible for "Rule-of-85" benefits. Mr. McAndrew will not be entitled to an unreduced early retirement benefit under the NTCA Plan.

Late Retirement. The NTCA Plan permits late retirement (retirement after the age of 65). If a participant retires late, the participant's retirement benefits automatically will be increased by one-quarter of one percent (.25%) for each month the participant delays retirement beyond age 65. Additionally, if a participant continues working after his 65th birthday, benefits may increase through additional accruals and higher High-5 Compensation.

Forms of Payment. The NTCA Plan provides for the following forms of payment options: (i) 10-years certain and life thereafter, (ii) life only, (iii) if married, a qualified joint and survivor annuity (with 50% of the monthly amount payable during the participant's lifetime continued after the participant's death to his surviving spouse for the life of the surviving spouse), (iv) a qualified joint and survivor annuity (with 75% of the monthly amount payable during the participant's lifetime continued after the participant's death to his surviving spouse for the life of the surviving spouse), (v) if married, a qualified joint and survivor annuity (with 100% of the monthly amount payable during the participant's lifetime continued after the participant's death to his surviving spouse for the life of the surviving spouse), (vi) if married, a qualified joint and survivor annuity under (iii) - (v) (with the annuity that is payable guaranteed for ten (10) years following retirement and then payable at 50%, 75% or 100% to the spouse (if the participant predeceases the surviving spouse)), (vii) an annuity under (i) - (v) that is supplemented by a certain amount between the time of retirement and either age 62 or normal social security retirement age, and then actuarially reduced once that age is reached, (viii) a combination of a partial single sum and any one of the foregoing annuity options, (ix) a life only guaranteed annuity option or (x) a single lump sum.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

We do not have employment agreements with our named executive officers. We entered into an agreement with Mr. Sykes in February 2016 (when he joined the Company as our President and CEO). We entered into an agreement with Mr. Huffmyer in October 2012, and an agreement with Mr. Basso in January 2013, which agreements provide for certain benefits to the named executive officers in the event of a qualifying termination of their employment as described below. The original term of each of the agreements is five (5) years with an automatic renewal on a one-year basis thereafter absent notice of nonrenewal six (6) months prior to the renewal date; *provided, however*, that if a Change-in-Control (as defined below) occurs during the initial or any renewal period, the agreement will survive until the second anniversary of the date of the Change-in-Control.

As previously noted, in connection with Mr. McAndrew's appointment as CEO on April 1, 2013, the Company entered into the Amended Change in Control Agreement, which was modified by a separation agreement dated February 8, 2016. Pursuant to this separation agreement, the terms of which are described below, Mr. McAndrew is not entitled to any compensation under his Amended Change in Control Agreement.

Each of the above-mentioned agreements contains provisions prohibiting the respective named executive officer from competing with us during his employment with us and for certain periods of time thereafter. Specifically, without our prior written consent, the named executive officers may not directly or indirectly engage in, assist or have an active interest in (whether as proprietor, partner, investor, stockholder, officer, director or any type of principal whatsoever), or enter the employ of or act as agent for, or advisor or consultant to, any person, firm, partnership, association, corporation or business organization, entity or

[Table of Contents](#)

enterprise which is or is about to become directly or indirectly engaged in any business that is competitive with any of our businesses in which the named executive officer is or was engaged.

Our named executive officers are also bound, during the term of their agreement and at all times thereafter, by restrictive covenants with respect to confidential information, as more fully described in their respective agreements. They are not permitted, unless authorized in writing by us, to disclose or cause to be disclosed such confidential information or to authorize or permit such disclosure of the confidential information to any unauthorized third party, or to use the confidential information (i) for their own benefit or advantage, (ii) for the benefit or advantage of any third party or (iii) in any manner which is intended to injure or cause loss, whether directly or indirectly, to us. At any time upon our request, and immediately upon termination, the named executive officers must surrender all written or otherwise tangible documentation representing such confidential information to us.

A description of the other material terms of these agreements and estimates of the payments and benefits which each named executive officer would receive upon a qualifying termination are set forth below. The estimates have been calculated assuming a termination date of March 31, 2016, and are based upon the closing price of our Common Stock on NASDAQ (\$13.47) on March 31, 2016. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, such as the timing during the year of any triggering event and our stock price, the actual amounts to be paid or distributed may be different.

Termination Payments and Benefits Outside of a Change-in-Control

E.C. Sykes:

Under the terms of his agreement, if Mr. Sykes' employment with the Company is terminated (i) due to his death or Disability (as defined below), (ii) by Mr. Sykes other than for Good Reason for Termination (as defined below) or (iii) by us due to Cause for Termination or in accordance with Retirement (each as defined below), then, except as otherwise set forth below, we have no payment obligations to him other than as provided by our various policies, procedures and practices generally applicable to all employees.

Named Executive Officers other than Messrs. Sykes and McAndrew:

The agreements with Messrs. Huffmyer and Basso do not provide for any benefits outside of a change-in-control context. If their respective employment is terminated due to death or Disability or by them or by us at any time prior to a Change-in-Control or in accordance with Retirement, then we have no payment obligations to them other than as provided by our various policies, procedures and practices generally applicable to all employees.

Certain Definitions:

The following definitions are contained in the agreements with Messrs. Sykes, Huffmyer and Basso:

Cause for Termination: named executive officer's deliberate and intentional failure to devote his best efforts to the performance of duties, gross misconduct materially and demonstrably injurious to us, conviction of criminal fraud, embezzlement against us or a felony involving moral turpitude, continuing failure after notice to adhere to the nondisclosure and noncompete portions of the agreements (described above) or willful failure to follow instructions of our Board. For purposes of this definition, no act, or failure to act, on the named executive officer's part shall be considered "deliberate and intentional" or to constitute gross misconduct unless done, or omitted to be done, by the named executive officer not in good faith and without reasonable belief that the named executive officer's action or omission was in the best interests of the Company.

Change-in-Control: a change-in-control of the Company is deemed to occur if:

- i. it is reportable as such by SEC rules;
- ii. twenty percent (20%) or more of the combined voting power of our then-outstanding capital stock is acquired, coupled with or followed by a change in a majority of the members of our Board; or
- iii. we sell all or substantially all of our assets or merge, consolidate or reorganize with another company and (x) upon conclusion of the transaction less than fifty-one percent (51%) of the outstanding securities entitled to vote in the election of directors of the acquiring company or resulting company are owned by the persons who were our stockholders prior to the transaction, and following the transaction there is a change in a majority of the members of our Board or (y) following the transaction, a person or group would be the owner of twenty percent (20%) or more of the combined voting power of the acquiring company or resulting company, and there is a change in a majority of the members of our Board.

Disability: incapacity due to physical or mental illness or injury which causes a named executive officer to be unable to perform his duties to us during ninety (90) consecutive days or one hundred twenty (120) days during any six (6) month period.

Good Reason for Termination: a material negative change in Messrs. Sykes', Huffmyer's or Basso's service relationship with us and any Affiliate of ours, taken as a whole, without his consent, on account of one or more of the following conditions: (i) a material diminution in his base compensation; (ii) a material diminution in his authority, duties or responsibilities; or (iii) a change in the geographic location at which Messrs. Sykes, Huffmyer or Basso must report to and perform the majority of his services of more than fifty (50) miles. For these agreements, "Affiliate" means, with respect to any person or legal entity, any other person or legal entity controlling, controlled by or under common control with such person or legal entity.

Retirement: termination of the named executive officer's employment after age sixty-five (65) or in accordance with any mandatory retirement arrangement with respect to an earlier age agreed to by such named executive officer.

Treatment of Outstanding Equity Awards Under Our Incentive Plan and Various Award Agreements:

Our Incentive Plan and various award agreements provide for the treatment of outstanding equity awards in the event of a termination outside a Change-in-Control, as follows:

Death and Disability – If an employee's employment with the Company is terminated by reason of death or disability (as described in Section 22(e)(3) of the Code), any restricted stock unit awards previously granted to such employee under the Incentive Plan (which have not otherwise been forfeited) will vest and all restrictions will lapse as of the date of such employee's death or disability. An employee would also be entitled to receive a prorated portion of the shares of Common Stock, if any, to which he would otherwise have been entitled pursuant to any performance share awards granted to such employee under the Incentive Plan, determined after completion of the applicable performance period for such award and based on the achievement of the applicable performance conditions, and then prorated based on the ratio of the number of complete months that he was employed during such award's performance period to the total number of months in the performance period. A termination due to death or disability would not result in the acceleration of any stock options held by the employee under the terms of our Incentive Plan and applicable award agreements. In the event of an employee's termination due to disability, any outstanding options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) years from the date of his or her termination (but in no event after such option's expiration date). If the employee were to die while employed by the Company or during the three (3) year period following a termination due to disability or retirement, any options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of his or her death) for three (3) years from the date of his death by his legal representative or such other person who the acquired the option by bequest or inheritance or by reason of his death (but in no event after such option's expiration date).

Retirement – If an employee's employment with the Company is terminated by reason of retirement (as defined above), the employee would be entitled to receive a prorated portion of the shares of Common Stock, if any, to which he would otherwise have been entitled pursuant to any performance share awards granted to such employee under the Incentive Plan, determined after completion of the applicable performance period for such award and based on the achievement of the applicable performance conditions, and then prorated based on the ratio of the number of complete months that he was employed during such award's performance period to the total number of months in the performance period. Any unvested restricted stock units held by such employee would become null and void and be forfeited to the Company at the time of termination. Similarly, a termination due to retirement would not result in the acceleration of any stock options held by the employee under the terms of our Incentive Plan and applicable award agreements. In the event of an employee's termination due to retirement, any outstanding options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) years from the date of his or her retirement (but in no event after such option's expiration date). None of our named executive officers are currently retirement eligible.

[Table of Contents](#)

Voluntary or Involuntary Termination – If an employee’s termination is the result of his or her voluntary termination or involuntary termination (with or without cause), any unvested restricted stock units and any unvested performance shares will become automatically null and void and be forfeited to the Company. In the event an employee is dismissed other than “for cause” (as defined below), any outstanding options held by such employee will remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) months after the date of termination. In the event an employee voluntarily terminates his or her employment with the Company, any outstanding options held by such employee will terminate immediately. In the event an employee is terminated “for cause” (as defined below) any outstanding awards held by such employee will terminate immediately.

Under our Incentive Plan, “for cause” means (i) with respect to an employee who is party to a written agreement with, or, alternatively, participates in a compensation or benefit plan of the Company, which agreement or plan contains a definition of “for cause” or “cause” (or words of like import) for purposes of termination of employment thereunder by the Company, “for cause” or “cause” as defined in the most recent of such agreements or plans or (ii) in all other cases, (a) the willful commission by an employee or director of a criminal or other act that causes substantial economic damage to the Company or substantial injury to the business reputation of the Company; (b) the commission by an employee of an act of fraud in the performance of such employee’s duties on behalf of the Company or (c) the continuing willful failure of an employee to perform the duties of such employee to the Company (other than such failure resulting from the employee’s incapacity due to physical or mental illness) after written notice thereof (specifying the particulars thereof in reasonable detail) and a reasonable opportunity to be heard and cure such failure are given to the employee by the Board or the Compensation Committee. For purposes of the Incentive Plan, no act or failure to act on the employee’s part shall be considered “willful” unless done or omitted to be done by the employee not in good faith and without reasonable belief that the employee’s action or omission was in the best interests of the Company.

Termination Payments and Benefits After a Change-in-Control

The agreements with Messrs. Sykes, Huffmyer and Basso provide for payments and other benefits if such named executive officer is terminated within two (2) years following a Change-in-Control either by (i) us other than for Cause for Termination, death, Disability or Retirement or (ii) the individual’s resignation for Good Reason for Termination.

In addition to any accrued but unpaid benefits, the agreements entitle each named executive officer to an amount of cash equal to the sum of:

- two (2) times (three (3) times in the case of Mr. Sykes) the sum of his then current annual base salary in the year of termination (or, if greater, (x) in the case of termination for Good Reason for Termination, the named executive officer’s salary preceding the date giving rise to his Good Reason for Termination or (y) the named executive officer’s salary for the year in effect on the date of the Change-in-Control)
- two (2) times (three (3) times in the case of Mr. Sykes) the greatest of (x) one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years immediately preceding the date of termination, (y) in the case of termination for Good Reason for Termination, one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years preceding the date giving rise to the named executive officer’s Good Reason for Termination or (z) one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years preceding the date of the Change-in-Control
- an amount equal to the total cash award or bonus that would have been received by the named executive officer under any long-term incentive plan, assuming that, in addition to any goals met prior to the termination date, all goals that were to be measured after such date were achieved and the named executive officer remained employed, less any portion of the cash award or bonus for that award period previously paid to the named executive officer
- medical insurance and other similar benefits for the period of eighteen (18) months following the termination date, as if such named executive officer remained in our continuous employ during such period
- unvested options will vest and remain outstanding in accordance with their respective terms

Such payments are to be made to Messrs. Sykes, Huffmyer and Basso on or before the sixtieth (60th) day following the termination date.

In addition, the restricted stock unit awards granted under the Incentive Plan vest immediately prior to a change-in-control (as defined in the Incentive Plan). Similarly, our Incentive Plan and performance share award agreements provide that, if a change-in-control (as defined in the Incentive Plan) occurs prior to the conclusion of the applicable performance period, then the employee is entitled to one share of Common Stock for each performance share, and if the change-in-control occurs following the conclusion of the applicable performance period but before the settlement of the performance share award, then the employee is entitled to receive the number of shares of Common Stock determined based upon achievement of the applicable performance goals.

Severance Payment

In connection with Mr. McAndrew’s separation from the Company, in exchange for reaffirmation of his confidentiality, non-compete and non-solicitation provisions, and a release of claims, the Company has agreed to pay Mr. McAndrew a lump sum amount of \$412,500.

Estimated Termination and Change-in-Control Payments

The following tables set forth the potential payments in addition to accrued benefits, that each of our named executive officers (other than Mr. McAndrew, whose provisions terminated as of June 3, 2016) would have been entitled to receive assuming that his employment was terminated on March 31, 2016. The payments shown reflect the maximum amount that would have been paid. These agreements contain a provision which could have the effect of reducing such payments based on the effect of excise taxes applicable to such payments under the Code.

Within fifteen (15) days following the receipt by the Secretary of a notice of nomination or proposal pursuant hereto, the Secretary will advise the proponent in writing of any deficiencies in the notice and of any additional information we require to determine the eligibility of the proposed nominee or the substance of the proposal. A proponent who has been notified of deficiencies in the notice of nomination or proposal and/or of the need for additional information must cure such deficiencies and/or provide such additional information within fifteen (15) days after receipt of the notice of such deficiencies and/or the need for additional information.
