Cautionary Forward-Looking Statements

When included in this Form 8-K, the words "expects," "believes" and "anticipates" and analogous expressions are intended to identify forward-looking statements. One can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. Such statements are inherently subject to a variety of risks and uncertainties that could cause actual results to differ materially from those projected. Although it is not possible to predict or identify all risk factors, such risks and uncertainties may include, among others, levels of business activity and operating expenses, liquidity, expenses relating to compliance requirements, cash flows, global economic and business conditions, successful integration of acquisitions, the timing and costs of restructuring programs and other initiatives, such as our enterprise resource planning system initiatives, successful marketing of the Company's product and services offerings, successful implementation of the Company's integration initiatives, successful implementation of the Company's government contracting programs, competition, changes in foreign, political and economic conditions, fluctuating foreign currencies compared to the U.S. dollar, rapid changes in technologies, client preferences, the Company's arrangements with suppliers of voice equipment and technology, government budgetary constraints and various other matters, many of which are beyond the Company's control. Additional risk factors are included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2017 and our quarterly reports on Form 10-Q for Fiscal 2018. These forward looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and speak only as of the date of this Form 8-K. The Company expressly disclaims any obligation or undertaking to release publicly any updates or any changes in the Company's expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

FOR IMMEDIATE RELEASE

BLACK BOX CORPORATION REPORTS THIRD QUARTER FISCAL 2018 RESULTS

PITTSBURGH, PENNSYLVANIA, February 6, 2018 - Black Box Corporation (NASDAQ:BBOX), a leading digital solutions provider dedicated to helping customers design, build, manage and secure their IT infrastructure, today reported results for the third quarter of Fiscal 2018 and nine-month period ended December 30, 2017.

Third Quarter Results

- Revenues declined by \$15.5 million or 7.4% to \$194.9 million compared to the same period last year.
- Gross profit margin was 27.0%, down 270 basis points from 29.7% for the same period last year. This decrease was primarily due to a decline in our higher margin legacy unified communication business and lower margin incremental deals in both our Products and Services segments during this quarter.
- Selling, general and administrative expenses were \$59.0 million, up 2.8% from \$57.4 million for the same period last year and down 2.3% from \$60.3 million in the prior quarter. The increase from the same period last year was primarily due to higher spending on the U.S.-based ERP project, partially offset by lower variable compensation costs while the decrease from the prior quarter was primarily due to these lower variable compensation costs incurred this quarter.
- Loss before income taxes was \$9.8 million, compared to income before income taxes of \$1.6 million for the same period last year and consistent with a loss before income taxes of \$9.0 million in the prior quarter.
- Provision for income taxes was \$18.1 million, compared to provision for income taxes of \$0.3 million for the same period last year and compared to a provision for income taxes of \$2.4 million in the prior quarter. The increase in the provision was primarily due to the impact of the Tax Cuts and Jobs Act, which resulted in tax expense of \$13.5 million, and valuation allowances booked against U.S. foreign tax credit carry-forwards.
- Net loss was \$27.9 million, compared to net income of \$1.3 million for the same period last year and compared to a net loss of \$11.4 million in the prior quarter.
- Diluted loss per share was \$1.85, compared to diluted income per share of \$0.09 for the same period last year and compared to a diluted loss per share of \$0.75 in the prior quarter.
- Cash flow used for operating activities was \$27.5 million, compared to cash flow provided by operating activities of \$9.1 million for the same period last year and compared to cash flow provided by operating activities of \$0.6 million in the prior quarter. The variance compared to the prior quarter was principally due to cash used by increases in working capital.

Year to Date Results

- Revenues were \$580.7 million, down 10.3% from \$647.6 million for the same period last year.

- Loss before income taxes was \$33.0 million, compared to \$4.1 million for the same period last year.
- Provision for income taxes was \$16.1 million, compared to \$1.1 million for the same period last year.
- Net loss was \$49.1 million, compared to \$5.3 million for the same period last year.
- Diluted loss per share was \$3.26, compared to \$0.35 for the same period last year.
- Cash flow used for operating activities was \$43.1 million, compared to cash flow provided by operating activities of \$24.7 million for the same period last year.

CEO Comment

“I want to reaffirm that we are committed to our Intelligent Digital Edge strategy which will be the cornerstone for future growth,” stated Joel Trammell, President and CEO. “I acknowledge the near-term challenges that we need to overcome as noted in the Liquidity section of our Form 10-Q, and we are working on them. I remain excited about our future. The changes in our industry create tremendous opportunities for us, and that is why I accepted the challenge to lead Black Box. We have a lot of work to do to capitalize on these growing markets and to streamline our organization to efficiently deliver our solutions, and I am confident that we have the team and plans in place to accomplish those objectives.”

Earnings Conference Call

Non-GAAP Financial Measures

As a supplement to United States Generally Accepted Accounting Principles ("GAAP"), the Company provides non-GAAP financial measures such as operating income before provision for income taxes ("EBIT"), operating net income or operating net loss, operating earnings per share ("EPS"), revenues excluding foreign currency, adjusted operating income, Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"), Operating EBITDA and free cash flow to illustrate the Company's operational performance. These non-GAAP financial measures are not prepared in accordance with GAAP, are not reported by all of the Company's competitors and may not be directly comparable to similarly-titled measures of the Company's competitors due to potential differences in the exact method of calculation. However, each of the amounts included in the calculation of non-GAAP financial measures are computed in accordance with GAAP. See below for reconciliations to the most directly comparable GAAP financial measures.

Management uses these non-GAAP financial measures (a) to evaluate the Company's historical and prospective financial performance as well as its performance relative to its competitors, (b) to set internal sales targets and associated operating budgets, (c) to allocate resources and (d) to measure operational profitability. Management uses similar non-GAAP measures as an important factor in determining variable compensation for Management and its team members.

Non-GAAP financial measures are not in accordance with, or an alternative for, GAAP financial measures. The Company's non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP financial measures, and should be read only in conjunction with the Company's consolidated financial statements prepared in accordance with GAAP.

Operating EBIT, operating net income and operating EPS

Management believes that operating EBIT, defined by the Company as net income (loss) plus provision (benefit) for income taxes and adjustments, operating net income, defined by the Company as operating EBIT less operational income taxes, and operating EPS, defined as operating net income divided by weighted average common shares outstanding (diluted), provide investors additional important information to enable them to assess, in the way Management assesses, the Company's current and future operations. Adjustments include intangibles amortization, which is a non-cash charge, and restructuring expense and gains/losses on sales of facilities, each of which are cash charges.

A reconciliation of Net income (loss) to operating EBIT and Operating net income (loss) is presented below:

In millions and may not foot due to rounding	3Q18	2Q18	3Q17	3QYTD18	3QYTD17
Net income (loss)	\$ (27.9)	\$ (11.4)	\$ 1.3	\$ (49.1)	\$ (5.3)

Operating net income (loss)	\$ (4.7)	\$ (3.4)	\$ 3.7	\$ (13.1)	\$ 10.4

(1) The effective tax rate used to determine operational income taxes is based on the Company's projected full-year ordinary income tax expense and the projected full-year impact of certain discreet tax items.

A reconciliation of Diluted earnings (loss) per share to operating EPS is presented below:

	3Q18	2Q18	3Q17	3QYTD18	3QYTD17
Diluted EPS	\$ (1.85)	\$ (0.75)	\$ 0.09	\$ (3.26)	\$ (0.35)

Operating EPS	\$ (0.31)	\$ (0.23)	\$ 0.24	\$ (0.87)	\$ 0.69

* EPS impact is the result of excluding the provision for income taxes and the adjustments and utilizing an operational effective tax rate.

EBITDA and Operating EBITDA

Management believes that EBITDA, defined as Net income (loss) plus provision (benefit) for income taxes, interest, depreciation and amortization, is a widely-accepted measure of profitability that may be used to measure the Company's ability to service its debt. Operating EBITDA, defined as EBITDA plus stock compensation expense, accounts receivable impairment loss, inventory impairment loss, and asset impairment loss (consisting of fixed assets, indefinite-lived intangible assets and goodwill) may also be used to measure the Company's ability to service its debt.

Pursuant to the First Amendment to its Credit Agreement (the "Credit Agreement"), the Company was required to maintain a minimum trailing twelve month ("TTM") Adjusted EBITDA (as defined in the Credit Agreement) during each quarter through the first quarter of Fiscal 2019. The Adjusted EBITDA definition in the Credit Agreement incorporates Operating EBITDA and adds back ERP implementation costs, restructuring expenses and certain other charges.

A reconciliation of Net income (loss) to EBITDA, Operating EBITDA, and Adjusted EBITDA is presented below:

In millions and may not foot due to rounding	3Q18	2Q18	3QYTD18	3Q18 TTM	3Q17 TTM
Net income (loss)	\$ (27.9)	\$ (11.4)	\$ (49.1)	\$ (50.9)	\$ (53.0)

Operating EBITDA	\$ (3.8)	\$ (0.2)	\$ (10.3)	\$ (5.0)	\$ 26.7
ERP implementation costs	4.4	3.4	10.8	12.4	—
Restructuring expense	1.0	0.1	5.5	6.1	10.5
Other charges	1.0	0.7	2.1	3.0	(0.1)
Adjusted EBITDA	\$ 2.6	\$ 4.1	\$ 8.1	\$ 16.4	\$ 37.1

Pursuant to the Credit Agreement, the Company was required to maintain a minimum trailing twelve month Adjusted EBITDA of \$14.0 million at the end of the third quarter of Fiscal 2018. Actual trailing twelve month Adjusted EBITDA for the period was \$16.4 million, or \$2.4 million higher than the required minimum.

Segment Information

Management is presented with and reviews Revenues, Gross profit, Operating income (loss) and Adjusted operating income by segment. Management believes that Adjusted operating income, defined by the Company as Operating income (loss) plus adjustments, provides investors additional important information to enable them to assess, in the way Management assesses, the Company's current and future operations. Adjustments include intangibles amortization and asset impairment charges, each of which are non-cash charges, and restructuring expense and gains/losses on sales of facilities, each of which are cash charges.
