**PROXY STATEMENT FOR ANNUAL MEETING
OF STOCKHOLDERS**

August 8, 2018

This proxy statement is being furnished to the holders of common stock, par value \$.001 per share (“Common Stock”), of Black Box Corporation, a Delaware corporation (the “Company,” “we,” “our” or “us”), in connection with the solicitation by our Board of Directors (“Board of Directors” or “Board”) of proxies to be voted at the Annual Meeting of Stockholders (the “Annual Meeting”) scheduled to be held on Wednesday, August 8, 2018, at 9:00 a.m. Eastern Daylight Time, at the offices of the Company at 1000 Park Drive, Lawrence, Pennsylvania 15055, or at any adjournment thereof. We mailed our Notice and Proxy Statement, our Annual Report for the year ended March 31, 2018 and our proxy card on or about July 16, 2018.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting to Be Held on August 8, 2018:

This proxy statement and the Company’s 2018 Annual Report to stockholders are available for you to review online at www.proxydocs.com/bbox.

Only holders of Common Stock of record as of the close of business on Friday, June 15, 2018, are entitled to notice of and to vote at the Annual Meeting and at any adjournment thereof. On that date, 15,234,162 shares of Common Stock, each entitled to one (1) vote per share, were outstanding.

All shares of Common Stock represented by valid proxies received by the Secretary of the Company prior to the Annual Meeting will be voted as specified in the form of proxy. If no specification is made, the shares will be voted FOR each of the nominees named below for election as director; FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019 (“Fiscal 2019”); and FOR approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement. Unless otherwise indicated by the stockholder, the proxy card also confers discretionary authority on the Board-appointed proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting of which our management had no knowledge prior to the mailing of this proxy statement. A stockholder giving a proxy has the power to revoke it at any time prior to its exercise by delivering to the Secretary of the Company a written revocation or a duly-executed proxy bearing a later date (although no revocation shall be effective until actual notice thereof has been given to the Secretary of the Company) or by attending the Annual Meeting and voting his or her shares in person.

Under our Second Restated Certificate of Incorporation, as amended (“Certificate of Incorporation”), Amended and Restated By-laws, as amended (“By-laws”), and applicable state law, abstentions and broker non-votes (which arise when a registered broker, who holds securities in street name, has not received voting instructions from a customer having beneficial ownership of the securities, and the broker does not have discretionary authority to vote on one or more matters being presented at the annual meeting) are each included in the determination of the number of shares present for purposes of determining a quorum. At the Annual Meeting, directors will be elected by a plurality vote (although the Board has adopted a policy requiring any director receiving more “withheld” votes than “for” votes to submit such director’s resignation; see the “Board of Directors and Board Committees - Corporate Governance Guidelines - Voting for Directors” section of this proxy statement) and all other matters will be decided by the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes are not votes cast and will not be included in calculating the number of votes necessary for approval of the matter.

Our Board of Directors unanimously recommends a vote FOR each of the nominees named below for election as director; FOR ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for Fiscal 2019; and FOR approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement.

ANNUAL MEETING MATTERS

Proposal 1 – Election of Directors

Our By-laws provide that the number of directors constituting our entire Board shall be nine (9), or such other number as shall be fixed by the stockholders or by our Board, and that all directors will stand for election each year. Our Board has fixed the number of directors serving on our Board at six (6) members. Each of the directors elected at our Annual Meeting will hold office for a term of one (1) year and until their respective successors are elected and qualified, subject to the right of our stockholders to remove any director as provided in our By-laws. Stockholders may fill any vacancy in the office of a director. In the absence of a stockholder vote, a vacancy in the office of a director may be filled by the remaining directors then in office, even if less than a quorum, or by the sole remaining director. Any director elected by our Board to fill a vacancy will serve until his or her successor is elected and qualified or until his or her earlier death, resignation or removal. If our Board increases the number of directors, it may fill any vacancy so created.

The holders of Common Stock have one (1) vote for each share owned as of the record date in the election of directors. The six (6) nominees receiving the greatest number of affirmative votes will be elected as directors for terms expiring in 2019.

Upon recommendation of the Nominating & Governance Committee (the “N&G Committee”) of our Board of Directors, our Board has nominated the following six (6) persons for election to the position of director at the Annual Meeting: Cynthia J. Comparin, Richard L. Crouch, Richard C. Elias, Thomas G. Greig, John S. Heller and Joel T. Trammell. These nominees are all directors currently serving on our Board. All of the director nominees are independent under the listing standards of The NASDAQ Stock Market (“NASDAQ”) except for Mr. Trammell as a result of his position as our President and Chief Executive Officer (“CEO”).

The persons named as proxies on the enclosed proxy card were selected by our Board and have advised our Board that, unless authority is withheld, they intend to vote the shares represented by them at the Annual Meeting FOR the election to our Board of Directors of each of our Board’s nominees named above.

Our Board knows of no reason why any nominee for director would be unable to serve as director. If, at the time of the Annual Meeting, any of the named nominees is unable or unwilling to serve as a director, the persons named as proxies intend to vote for such substitute as may be nominated by our Board of Directors.

The following sets forth certain information concerning the nominees for election to our Board of Directors at the Annual Meeting:

Cynthia J. Comparin, 59, was selected to be a director on October 31, 2016 and was elected by our stockholders on August 8, 2017. Ms. Comparin is the founder and Chief Executive Officer of Animato Technologies Corporation, a private company providing business and technology solutions to enterprise clients. Prior to establishing Animato approximately 20 years ago, Ms. Comparin was President of Alltel’s Enterprise Network Services Division, providing consulting, integration and operations services to worldwide customers. Before Alltel, Ms. Comparin was Vice President and General Manager for Nortel’s Network Transformation Services Division, General Manager of Latin America for Recognition International, a global technology company, and was employed by EDS for 10 years in various US-based and international management positions.

Qualifications: Ms. Comparin brings a wealth of experience gained as the founder and chief executive officer of a privately-held systems integration, business process and technical consulting company with a client base of Global 2000 companies. Her background includes international business development, business restructuring, mergers, acquisitions and divestitures, operations, management, finance, accounting, marketing and sales.

Richard L. Crouch, 71, was elected as a director on August 10, 2004. Mr. Crouch was a General Partner with the firm of PricewaterhouseCoopers LLP from 1979 to 2004, having served as an Audit Partner principally assigned to public companies. He served in various capacities for the firm, including service as a regional accounting, auditing and Securities and Exchange Commission (“SEC”) services consultant. He retired from the firm on July 2, 2004.

Qualifications: Mr. Crouch adds significant financial reporting and management expertise as a result of his more than 35 years of experience with a large public accounting firm which provided him with exposure to and interaction with a variety of industries and companies. He is one of our Audit Committee financial experts. His tenure as an SEC services consultant for PricewaterhouseCoopers LLP gives Mr. Crouch first-hand insight into the financial reporting and disclosure obligations of the Company, which is a vitally important qualification for service on our Board.

Richard C. Elias, 64, was selected to be a director on November 3, 2014 and was elected by our stockholders on August 11, 2015. Mr. Elias retired from PPG Industries, Inc. (“PPG”), a global supplier of paints, coatings, optical products, specialty materials, chemicals, glass and fiber glass in April 2014. Prior to his retirement, Mr. Elias served as the Senior Vice President - Optical and Specialty Materials of PPG from 2008 to 2014, and Vice President, Optical Products of PPG from 2000 to 2008. Mr. Elias also served as the President, and then Chief Executive Officer, of Transitions Optical, Inc., a subsidiary and then joint venture of PPG, from 1995 to 2014. Mr. Elias is a director of Universal Display Corporation.

Qualifications: Mr. Elias has significant executive experience including more than 20 years as the chief executive officer of a global manufacturer and distributor that experienced significant growth and expansion. During his nearly 40-year career, Mr. Elias has had leadership positions responsible for product development, sales and marketing, budgeting, strategic planning, operations and executive management.

Thomas G. Greig, 70, was elected as a director on August 10, 1999 and appointed as non-executive Chairman of the Board in May 2004. Mr. Greig was a Senior Managing Director of Liberty Capital Partners, a private equity partnership, from 1998 until his retirement in June 2016. He is also the non-executive Chairman of the Board of publicly-held Rudolph Technologies, Inc. and a privately-held company.

Qualifications: Mr. Greig brings more than 40 years of financial experience to our Board. His career has included over 25 years in a corporate finance environment and more than 15 years of investment management and private equity experience. He has served as an audit committee member for numerous companies, both privately-held and public and a public not-for-profit foundation. As a result, he has significant expertise and insight into finance and corporate governance issues that are invaluable to our Board.

John S. Heller, 64, was selected to be a director on March 27, 2013 and was elected by our stockholders on August 6, 2013. Mr. Heller retired from Caterpillar Inc., a manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives, in February 2012. He held a number of positions of increasing responsibility at Caterpillar during a 38-year career, last serving as Vice President and Chief Information Officer for more than the last 5 years.

Qualifications: Mr. Heller brings almost 40 years of experience in the information technology arena in which he oversaw the procurement, installation and operation, for a world-wide enterprise, of many of the products and services provided by the Company. He also brings significant executive-level managerial skills including broad experience in operations, mergers and acquisitions and strategic planning and execution. His experience and in-depth knowledge of the technology industry provides valuable insight to the Board with respect to industry practices and the challenges and risks facing the Company particularly from the perspective of a large, international enterprise.

Joel T. Trammell, 53, was elected to the position of President and CEO on November 16, 2017. He previously was selected to be a director on March 27, 2013 and was elected by our stockholders on August 6, 2013. Mr. Trammell is the founder and was Chief Executive Officer of Khorus Software, LLC, a provider of software-based management systems, until November 2017. He also has been a Managing Partner of Lone Rock Technology Group, a private equity firm, since 2011, and a Managing Partner of Lake Austin Advisors, a hedge fund, since 2013. He was a founder and the Chief Executive Officer of CacheIQ, Inc., a network computing company, from June 2010 until it was acquired by NetApp, Inc. in November 2012. Previously, he was a founder and served as the Chief Executive Officer of NetQoS, Inc., a network management software and services company, from June 2000 to November 2009.

Qualifications: As our CEO, Mr. Trammell is responsible for determining and implementing the strategic direction of the Company, serving as the liaison between the Board and management. He also is responsible for implementing the directives of the Board. Mr. Trammell has significant experience in the technology and computer networking sphere and served as the chief executive officer for two (2) startup technology companies which grew to significant size prior to successful exit transactions. He brings to the Board broad experience in management, operations, strategic growth and sales. His service on the boards of other technology-based companies and his experience in the industry allows him to provide valuable insight to our Board with respect to industry practices and the challenges and risks facing the Company.

Our Board of Directors unanimously recommends that our stockholders vote FOR each of our Board's nominees for election to our Board.

Proposal 2 – Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Audit Committee of our Board appointed BDO USA, LLP (“BDO”) as our independent registered public accounting firm for Fiscal 2019. As a sound governance matter, our Audit Committee has determined to submit the appointment to our stockholders for ratification at the Annual Meeting.

The affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting is required for the ratification by our stockholders of such appointment. Unless otherwise directed by our stockholders, proxies will be voted FOR the ratification of the appointment of BDO as our independent registered public accounting firm for Fiscal 2019. In the event that this appointment is not ratified by the stockholders, our Audit Committee will consider this vote in determining its future appointment of our independent registered public accounting firm. Even if the appointment is ratified, our Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such change would be in the Company's and its stockholders' best interests.

A representative of BDO is expected to be present at the Annual Meeting, will not be making a statement but will be available to respond to appropriate questions.

Our Board of Directors unanimously recommends that our stockholders vote FOR approval of the ratification of the appointment of BDO as our independent registered public accounting firm for Fiscal 2019.

Proposal 3 – Advisory Vote to Approve the Compensation of our Named Executive Officers

Our stockholders have the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement as required by Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). This “Say on Pay” vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC for smaller reporting companies, including the “*Compensation Discussion*” (“CD”) section set forth in this proxy statement under the caption “*Executive Compensation and Other Information*” and the compensation tables and narrative following the CD.

At our 2017 Annual Meeting of Stockholders, the Company held an advisory (non-binding) vote to determine the frequency of future “Say on Pay” votes. Based on the voting results for this proposal at the 2017 Annual Meeting of Stockholders, the Board determined that the advisory vote to approve the compensation of our named executive officers will be conducted annually, until the next advisory vote is held to determine the frequency of the “Say on Pay” vote, which will occur at this Annual Meeting.

We believe that our CD and other compensation disclosures included in this proxy statement evidence a sound and prudent compensation philosophy and set of policies and practices and that our compensation decisions are consistent with that philosophy and those policies and practices.

In light of the foregoing considerations, we are asking our stockholders to indicate their approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, including the CD and the compensation tables and narrative following the CD. Although this is an advisory vote which will not be binding on the Compensation Committee of the Board or the Board, the Compensation Committee and the Board will carefully review the results of the stockholder vote and consider stockholders’ concerns in future determinations concerning executive compensation.

Our Board of Directors unanimously recommends that our stockholders vote FOR approval of the compensation of our named executive officers as disclosed in this proxy statement.

BOARD OF DIRECTORS AND BOARD COMMITTEES

Our Board of Directors held nine (9) meetings during the fiscal year ended March 31, 2018 (“Fiscal 2018”). During Fiscal 2018, each director attended not fewer than seventy-five percent (75%) of the aggregate of the total number of meetings of our Board and the total number of meetings of each committee on which such director served during the period in which such director served on our Board and such committee. Executive sessions of the non-employee members of our Board are scheduled for each regular Board meeting and many committee meetings and many regular Board meetings and certain committee meetings include such an executive session.

Stockholders can communicate with our Board or individual directors by writing to the Company’s Secretary at: Black Box Corporation, 1000 Park Drive, Lawrence, Pennsylvania 15055. Our Board believes that our annual meeting also is an appropriate forum for stockholder communications with our Board. Our Board strongly encourages board member attendance at all meetings, including annual meetings with stockholders. All directors attended the Annual Meeting of Stockholders held in August 2017.

Corporate Governance Guidelines

Our Board of Directors has adopted the Black Box Corporation Corporate Governance Guidelines (the “Guidelines”) to assist the Board in the exercise of its duties and responsibilities and to serve the best interests of the Company. The Guidelines reflect the Board’s commitment to monitor the effectiveness of policy and decision-making both at the Board and management levels. These Guidelines were established to assist the Board in the exercise of its duties and responsibilities. The Guidelines are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally-binding obligations.

A complete copy of the Guidelines is available in the “About Black Box - Investor Relations - Corporate Governance” section of our website at www.blackbox.com. Any changes to the Guidelines will be posted on our website.

The following is a summary that provides highlights of our Guidelines and many related corporate governance matters:

Director Independence. A substantial majority of the members of the Board shall qualify as independent directors under all appropriate tests as determined by the Board. It is the sense of the Board that, absent compelling circumstances, all members of

[Table of Contents](#)

the Audit Committee, Compensation Committee and N&G Committee of the Board shall be independent. The Board undertakes a regular review of director independence, generally not less frequently than annually.

Board Leadership Structure. It is the sense of the Board that a separate CEO and Chairman of the Board is currently the most appropriate structure for the Company because it allows each person to focus on his or her respective roles. By retaining these separate roles, our CEO can focus attention solely on the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of our Board can focus attention on providing guidance to the CEO and presiding over meetings of the Board. The Board has adopted a resolution that the Chairman of the Board shall be an independent director under the applicable SEC and NASDAQ rules. The Board believes that this leadership structure enhances (i) the Board's oversight of, and independence from, Company management, (ii) the ability of the Board to carry out its roles and responsibilities on behalf of the stockholders and (iii) overall corporate governance. In the event that the Board determines that it is in the best interests of the Company that the positions of CEO and Chairman be held by the same person, the Board shall establish a Lead Independent Director to ensure that the Board serves in a capacity independent of Company management and that all independent directors have an independent leadership contact.

Size of the Board. The Board does not believe that there is a "correct" number of directors for the Company. Instead, the Board, in accordance with the By-laws, will determine, from time to time, the appropriate number of directors.

Board Nominees/Vacancies. The N&G Committee is responsible for making recommendations of potential Board members to the Board. The Board is responsible for nominating potential members for election to the Board at meetings of the stockholders and for filling vacancies on the Board that may occur between such stockholder meetings. The N&G Committee and the Board consider the independence, experience relative to our business and the needs of our Board, diversity and the ability to represent our stockholders when evaluating potential nominees. Potential Board members should show a willingness to fully participate in Board meetings, a proven track record of career accomplishments, the ability to make sound judgments and leadership qualities. Although the Company does not have a specific diversity policy as it relates to the evaluation of potential Board members, the N&G Committee charter provides that the committee is to consider diversity when evaluating candidates. Accordingly, the N&G Committee strives to identify potential Board members with a diverse array of talents, backgrounds and perspectives.

Outside Board Membership. The Board does not have a policy limiting the number of other public company boards upon which a director may sit. Independent directors should advise the Chairman in advance of accepting an invitation to serve on another public company board. Sitting on another public company's board should not create a conflict of interest or impair the director's ability to provide sufficient time to carry out his or her duties as a director of the Company. Management directors shall seek and obtain the approval of the Board before accepting an invitation to serve on a public company board.

Term Limits/Retirement Age. The Board has not established term limits or a retirement age. While term limits or a retirement age may help ensure that fresh ideas and viewpoints are available to the Board, they also may provide the disadvantage of losing the beneficial contribution of directors who have developed, over a period of time, increasing knowledge of, and insight into, the Company and its operations and who, therefore, could bring experience-based contributions to the Board as a whole.

Change in Director Relationships. When a director's principal occupation or business association changes substantially during his or her tenure as a director, that director should notify the Chairman who shall consult with the N&G Committee. Following such consultation, the N&G Committee will recommend to the Board the action, if any, to be taken with respect to such director.

Voting for Directors. In any uncontested election of directors, any nominee who receives a greater number of votes "withheld" than votes "for" such director's election is required, within ten (10) business days following the certification of the stockholder vote, to tender his or her written resignation to the Chairman of the Board for consideration by the N&G Committee. The N&G Committee will promptly consider such tendered resignation and will make a recommendation to the Board concerning the acceptance or rejection of such resignation. In determining its recommendation to the Board, the N&G Committee will consider all factors deemed relevant including any stated reason why stockholders who cast "withhold" votes for the director did so, the qualifications of the director and whether the director's resignation from the Board would be in the best interests of the Company and its stockholders. The N&G Committee also will consider a range of possible alternatives concerning the director's tendered resignation as it deems appropriate including acceptance of the resignation, rejection of the resignation, or rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed to have resulted in the "withheld" votes. The Board will take formal action no later than 90 days following the date of the stockholders' meeting at which the election occurred and will promptly disclose its decision (and the reason(s) therefor) in a Form 8-K furnished to the SEC. No director who, in accordance with this policy, is required to tender his or her resignation may participate in the N&G Committee's deliberations or recommendation, or in the Board's deliberations or determination.

Meetings of the Board. The Board meets regularly on previously determined dates. Board meetings are held at least quarterly. Each Board member is expected to attend Board meetings and meetings of the committees on which the director serves in person. The agenda for each Board and Board committee meeting is provided in advance of the meeting, together with written materials on matters to be presented for consideration, for the directors' review prior to the meeting.

[Table of Contents](#)

Executive Sessions. The independent directors, consisting of all directors other than any directors who are employed by or officers of the Company, generally meet in executive session at each Board meeting. The Chairman presides over these meetings.

Annual Meeting of Stockholders. All directors are expected to attend the Annual Meeting of Stockholders.

Communications with Directors. Stockholders can communicate with our Board or individual directors by writing to the Company's Secretary at: Black Box Corporation, 1000 Park Drive, Lawrence, Pennsylvania 15055. Our Board believes that our annual meeting also is an appropriate forum for stockholder communications with our Board.

Code of Business Conduct & Ethics. The Board has approved and adopted our Code of Business Conduct & Ethics (the "Code of Business Conduct") applicable to all directors, officers and employees of the Company and its subsidiaries (available in multiple languages in the "Legal - Ethics" section of our website at www.blackbox.com). In addition, the Company has adopted an additional Code of Ethics for Senior Financial Officers (available in the "About Black Box - Investor Relations - Corporate Governance" section of our website at www.blackbox.com). The Company will promptly disclose on its website (i) any amendments to or waivers of a director's or executive officer's compliance with the Code of Business Conduct and (ii) any amendments to or waivers of the Code of Ethics for Senior Financial Officers.

Risk Management. Our management is responsible for the day-to-day management of the risks we face, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. No single Board committee, however, is responsible for overall risk oversight. Rather, each Board committee identifies and assesses Company risk, as appropriate, within its given area of responsibility, and any such identified risk is reported to the Board as part of the governance process. For example, our Compensation Committee reviews, generally on an annual basis, the Company's compensation policies and practices in order to assess whether such policies and practices are reasonably likely to have a material adverse effect on the Company. We conduct an annual risk assessment to identify the most significant risks to which we are subject. The results of this assessment are compiled and reported to our Audit Committee which reports the most significant risks to the Board. Management discusses those risks with the Board, along with mitigating factors, and the Board then makes recommendations regarding remedial actions where necessary.

Related Party Transactions/Conflicts of Interest. The Audit Committee is responsible for reviewing and, if appropriate, approving or ratifying all transactions between the Company and any related persons. Our Code of Business Conduct requires that all directors, officers and employees refrain from activities that might involve a conflict of interest. Additionally, our Code of Business Conduct provides that directors, officers and employees must openly and honestly handle any actual, apparent or potential conflict between that individual's personal and business relationships and our interests. Before making any investment, accepting any position or benefit, participating in any transaction or business arrangement or otherwise acting in a manner that creates or appears to create a conflict of interest, such person must make a full disclosure of all relevant facts and circumstances to, and obtain the prior written approval of, the Chief Financial Officer or General Counsel. The Chief Financial Officer and General Counsel make reports to the Audit Committee regarding compliance with the Code of Business Conduct. Further, the Chief Financial Officer makes reports to the Audit Committee with respect to proposed related-party transactions for which that committee's approval would be required.

Compensation of Directors. The Board sets the level of compensation for directors, based on the recommendation of the N&G Committee, and takes into account the impact of compensation on director independence. The N&G Committee reviews periodically the amount and form of compensation paid to directors and considers the compensation paid to directors of other comparable companies. The committee may conduct its review with the assistance of outside consultants in the field of executive compensation. Directors who are also current employees of the Company receive no additional compensation for services as directors.

Stock Retention Guidelines. To further achieve the objective of more closely aligning the interests of our non-employee directors with those of our stockholders, the Board has adopted stock retention guidelines for our non-employee directors requiring each of them to hold, until retirement, but subject to diversification at age 60, that number of shares with a value of three (3) times the amount of the annual non-employee director retainer, or \$250,000, whichever amount is higher. Any person who has been a non-employee director for less than five (5) years shall not be subject to these guidelines but it is the sense of the Board that any such non-employee director shall retain not less than 50% of the shares received by such non-employee director from any equity grant(s) made to such non-employee director by the Company. All of our non-employee directors are currently in compliance with these ownership guidelines.

Anti-Hedging Policy

POLICIES AND PROCEDURES RELATED TO THE APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

Our policies and procedures for review, approval or ratification of transactions with related persons are not contained in a single policy or procedure; instead, relevant aspects of such program are drawn from various corporate documents. Most importantly, our Audit Committee's charter provides that our Audit Committee must review and, if appropriate, approve or ratify all transactions between us and any related persons.

Our Code of Business Conduct requires that all of our and our subsidiaries' directors, officers and employees refrain from activities that might involve a conflict of interest, and openly and honestly handle any actual, apparent or potential conflict between that individual's personal and business relationships and our interests. Before making any investment, accepting any position or benefit, participating in any transaction or business arrangement or otherwise acting in a manner that creates or appears to create a conflict of interest, such person must make a full disclosure of all relevant facts and circumstances to, and obtain the prior written approval of, our Chief Financial Officer or our General Counsel. Our Chief Financial Officer and our General Counsel make reports to our Audit Committee, pursuant to the terms of its charter, regarding compliance with our Code of Business Conduct. Further, our Chief Financial Officer makes reports to our Audit Committee with respect to proposed related-party transactions for which that committee's approval would be required.

Prior to becoming our CEO, Mr. Trammell founded Khorus Software, LLC, a company that has developed, markets and sells a management system for aligning goals, engaging employees and predicting performance ("Khorus"). Mr. Trammell is the Chairman of the Board of Khorus and its majority owner. Upon review and approval by the Audit Committee, the Company entered into an agreement to license Khorus for use in its business (at a significant discount approximating Khorus' ongoing support and maintenance costs). In Fiscal 2018, the Company paid Khorus \$43,200 for software licenses. Future amount owed to Khorus will be based on the number of Company team members utilizing this tool.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

COMPENSATION DISCUSSION

Executive Summary

The following discussion provides an overview of our executive compensation philosophy and programs as detailed further in this CD:

- The objectives of our executive compensation program are to link pay with performance by rewarding the achievement of our short- and long-range goals, recognizing individual executive performance and contributions and promoting increased value creation for our stockholders.
- In order to attract and retain talent, our executive compensation program was designed to target total compensation at the median level for similar positions within the technology industry.
- For individual executives, compensation may vary depending on the executive's experience, responsibility and expertise, such person's contribution to our business strategy and the market's demand for such skills and talent.
- Our incentive plans are designed to focus on pay and performance alignment and to allow for above-median compensation for exceptional performance, as well as below-median compensation when performance falls below our expectations.
- For Fiscal 2017 and Fiscal 2018, the Compensation Committee recommended and the Board approved total cash compensation and long-term equity incentives for certain of our named executive officers, including our CEO, below the market median, resulting in total compensation below the market median.
- For Fiscal 2017 and Fiscal 2018, the compensation program for our named executive officers consisted of the following three (3) primary components: base salary, a cash-based annual incentive award with multiple performance metrics and equity-based long-term incentive awards consisting of stock options, restricted stock units and performance share awards.
- Our Compensation Committee and other Board members attend and participate in strategic planning meetings presented by our named executive officers and other key business leaders prior to the Board's review and approval of the Company's operating plan for the fiscal year. This reviewed and approved operating plan then forms the basis for the determination of the appropriate performance measures for our annual and certain long-term incentive awards. The Board has deemed these financial objectives to be rigorous.
- Our annual incentive program for Fiscal 2018 was based on three (3) measures of annual financial performance. Organic revenue growth was given 40% of the weighting while adjusted operating margin dollars and a ratio of certain working capital components to revenues were each given 30% of the weighting. Collectively, these metrics are viewed as critical to successful performance of the business consistent with our pay-for-performance philosophy. This award was 100% "at-risk."
- Our long-term incentive program was intended to drive the achievement of critical long-term business objectives and align our management's interests with those of our stockholders. For Fiscal 2018, the mix of long-term awards served a number of compensation objectives, with 50% of the target value of each named executive officer's long-term incentive award granted in the form of performance shares, 30% of the value granted in the form of stock options and 20% of the value granted in the form of time-vested restricted stock units. Thus, 80% of these long-term incentive awards were "at-risk."
- All of our long-term equity awards are settled in stock and, as a result, link the named executive officer's compensation to future stock price performance and, if earned, increase the named executive officer's stock ownership. The named executive officers are subject to stock retention guidelines described herein with respect to these performance share awards and restricted stock units, thus requiring stock retention and aligning the interests of our named executive officers with those of our stockholders.
- Our named executive officers generally are not provided any perquisites, although we do reimburse for certain relocation expenses.
- At the request of Company management, our Compensation Committee demonstrated its commitment to pay for performance by utilizing negative discretion to eliminate any payouts under the annual incentive plan for Fiscal 2018 despite the fact that the Company achieved its working capital metric.
- In Fiscal 2018 and Fiscal 2019, our Compensation Committee and our Board approved certain actions that evidence our commitment to maintaining a compensation structure that pays for performance in alignment with our compensation philosophy, including the following:
 - No base salary merit increases were provided to our CEO or our other named executive officers; and
 - For our named executive officers, target incentives for Fiscal 2018 continued at their levels from the fiscal year ended March 31, 2016 and, for Fiscal 2019, due to the Company's financial position, target long-term incentives were significantly lowered with the CEO's long-term incentive grant value at 28% of the peer group median long-term incentive value.

Role of Our Compensation Committee

Our Compensation Committee evaluates and recommends to our Board our compensation philosophy and practices and is charged with administering our compensation program for our named executive officers. During Fiscal 2018, our named executive officers were Joel T. Trammell (from November 17, 2017), E.C. Sykes (CEO in Fiscal 2018 until November 16, 2017), David J. Russo and Ronald Basso.

Objectives of Our Compensation Program

In line with our philosophy, our Compensation Committee has developed the following objectives for our compensation program:

- attract, develop and retain high quality executives to manage and grow our business
- link a significant portion of an executive's pay to the performance of the organization through the use of at-risk performance-based compensation

Our compensation program rewards our named executive officers and other key employees for outstanding contributions to the achievement of our goals and overall success, particularly growth in stock price, annual profits and cash flow.

The Compensation Committee identified a number of key performance metrics that it believes represent value creation for our stockholders. These metrics were incorporated into the incentive arrangements for our named executive officers for Fiscal 2018.

Performance Metric	Annual Incentive Cash Bonus	Equity-Based Long-Term Incentive
Adjusted operating income	X	
Revenue	X	
Working capital/revenues ratio	X	
Total Shareholder Return ("TSR")		X
Adjusted EBITDA		X

See the Executive Summary above for a description of the changes in these metrics for Fiscal 2018.

Components of Our Executive Compensation Program

In connection with this evaluation for Fiscal 2018, our Compensation Committee retained the services of an outside compensation consultant to assist with a review of peer and broad market executive compensation data and to help us determine how our executive compensation program, given our philosophy and culture, should be structured to achieve our objectives. The structure of our executive program, providing for a base salary, an annual cash incentive and a long-term incentive, provided the foundation for the executive compensation decisions made for Fiscal 2018. The elements and objectives of our compensation program are presented in the following chart:

Compensation Element	Description	Form	Objective
Base salary	Fixed payment positioned below the median of competitive market data as adjusted for level of responsibility, experience and qualifications	<ul style="list-style-type: none"> ▪ Cash 	<ul style="list-style-type: none"> ▪ Support talent retention and attraction ▪ Provide a dependable source of income
Annual Incentive Plan (AIP)	Variable based on the achievement of annual financial objectives with the ability to utilize negative discretion to adjust payout	<ul style="list-style-type: none"> ▪ Cash 	<ul style="list-style-type: none"> ▪ Link pay with Company performance ▪ Drive the achievement of short-term business objectives ▪ Incent the achievement of our annual operating plan
Long-Term Incentive Program Awards	Variable based on the achievement of longer-term financial goals and stockholder value creation	<ul style="list-style-type: none"> ▪ 50% - performance share awards payable in Common Stock; 30% - stock options granted at fair market value; 20% - time-vested restricted stock units payable in Common Stock 	<ul style="list-style-type: none"> ▪ Link pay with Company and stock price performance ▪ Drive the achievement of longer-term business objectives and goals and focus on stock price appreciation ▪ Align with stockholder interests ▪ Build ownership in the Company through increased holdings of Common Stock

Overview of Annual Setting of Executive Compensation

In Fiscal 2018, our Compensation Committee sought the advice of an outside compensation consultant to assist it with collecting and reviewing information regarding the executive compensation programs of a selected group of peer companies (the list of which for Fiscal 2018 is provided below) and to provide it with more general survey data regarding executive compensation practices. The role of the outside compensation consultant in our executive compensation processes and procedures is described under the caption “*Board of Directors and Board Committees - Compensation Committee*” in this proxy statement. Our CEO also consults with our Compensation Committee regarding each element of our executive compensation program. At our Compensation Committee’s request, our CEO provides recommendations to our Compensation Committee related to appropriate financial performance metrics and goals which he believes will align our compensatory programs with our overall business strategy. Our Compensation Committee generally holds special meetings to prepare for its annual compensation recommendations to our Board. Our Compensation Committee is provided with and reviews survey data provided by our compensation consultant, our management’s recommendations, tally sheets of our named executive officers’ historical compensation and other data and utilizes the committee members’ collective knowledge of industry and market pay practices of similarly-situated executives, along with our overall compensation philosophy, in determining its compensation recommendations for each executive officer. At certain of its meetings, the Compensation Committee holds executive sessions, which exclude our management and, subject to the Compensation Committee’s discretion, include its independent consultant. Our Compensation Committee then submits its recommendations to our Board for review and approval.

We do not have a policy of reducing awards based upon the amounts realized from prior compensation. Our Compensation Committee believes that the intended value of an award on its grant date reflects both the possible upside and the possible downside of any such award. Likewise, we do not have a policy of increasing awards based upon amounts not realized from prior compensation awards.

Summary of Fiscal 2018 Executive Compensation Decisions

In making Fiscal 2018 compensation decisions relating to our named executive officers, our Compensation Committee considered our general executive compensation philosophy of paying below-market base salaries and modestly above-market incentive compensation, subject to experience in the position. For its Fiscal 2018 compensation decisions, our Compensation Committee reviewed peer group data developed by our compensation consultant at the request of our Compensation Committee. The peer group utilized for Fiscal 2018 compensation decisions was the same as the Fiscal 2017 Peer Group except for the following changes: QLogic Corporation and Datalink Corporation had been acquired and were no longer available to use as peers; CIBER, Inc.’s stock price was below \$1.00 and was removed; and Ciena Corporation, Dycom Industries, Inc. and Gartner, Inc. were removed due to a revenue size mismatch. Mitel Networks Corporation, which had been removed in Fiscal 2017 due to a pending merger, was added back to the peer group. The compensation consultant advised the Compensation Committee that the Fiscal 2018 Peer Group, as revised, provided a relevant peer group for Fiscal 2018 decisions (the “Fiscal 2018 Peer Group”).

[Table of Contents](#)

Our compensation consultant provided a comprehensive, current assessment of the Fiscal 2018 Peer Group as well as survey data relating to these positions to develop overall compensatory arrangements for our executives. Our Compensation Committee also reviewed our management's recommendations related to appropriate financial performance metrics and goals which our management believes will align our compensatory programs with our overall business strategy. Our Compensation Committee considered summary information of the total compensation paid to our named executive officers during the prior three (3) fiscal years. Our Compensation Committee discussed with our CEO proposals relating to the compensation of our named executive officers (other than the CEO). After discussions with our CEO and the outside compensation consultant, our Compensation Committee recommended to our Board for approval the Fiscal 2018 total direct compensation of the named executive officers, other than for our CEO, described below and, in the case of our CEO, after review of Fiscal 2018 Peer Group and survey data with the compensation consultant in the absence of our CEO, our Compensation Committee recommended to our Board for approval the Fiscal 2018 total direct compensation of our CEO described below. Our Compensation Committee believes that the incentive compensation of the named executive officers (annual cash bonus and long-term incentive compensation) described below, combined with Fiscal 2018 base salaries, provides a compensation opportunity for each executive above median as compared to similarly-situated executives as reflected in the data provided by the compensation consultant, consistent with our executive compensation philosophy.

Results of Stockholder Votes on Named Executive Officer Compensation

At our Annual Meetings of Stockholders held in August 2015 and August 2016, we held advisory votes to approve the compensation of our named executive officers in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act. At those meetings, our stockholders approved the compensation of our named executive officers, with over 96% and 98% of votes cast in favor of approving the compensation paid to our named executive officers in Fiscal 2015 and 2016, respectively. As we evaluated our compensation policies and practices in early 2017 for our Fiscal 2018, we were mindful of the strong support our stockholders expressed for our pay-for-performance philosophy, which is designed to link the compensation paid to our named executive officers to the Company's financial performance and stockholder value. Accordingly, the Compensation Committee decided to retain our general approach to executive compensation, with an emphasis on performance-based incentive compensation components that reward our executives only when they deliver value to the Company and our stockholders.

Use of Market Compensation Data

In order to make informed decisions regarding compensation matters for our named executive officers, the Compensation Committee's compensation consultant provides market compensation data for each executive position using peer group data as disclosed in each company's proxy statement and, in some instances, survey data.

A peer group of companies was first developed in Fiscal 2009, after discussions among our Compensation Committee, the compensation consultant and our management, for use, along with survey data, to assess whether each of the named executive officers' total compensation (base salary, annual bonus and long-term incentive compensation) was competitive relative to similarly-situated executives. The peer group is analyzed each year in order to maintain an appropriate peer group based on size and industry. Changes made in the Fiscal 2018 Peer Group, shown below, and the reasons therefore, are discussed above.

Fiscal 2018 Peer Group

Axiom Corporation	GTT Communications, Inc.
ADTRAN, Inc.	Infinera Corporation
Aviat Networks, Inc.	MAXIMUS, Inc.
Belden Inc.	Mitel Networks Corporation
Cincinnati Bell Inc.	NETGEAR, Inc.
Comtech Telecommunications Corp.	Plantronics, Inc.
ePlus Inc.	ShoreTel, Inc.
Fabrinet	Silver Spring Networks, Inc.
Finisar Corporation	TESSCO Technologies Incorporated

These companies were selected based on the following criteria presented by our compensation consultant and agreed upon by our Compensation Committee:

- similarity in industry (competitors for business and/or talent);
- size in terms of revenues (approximately one-half to twice our revenues);
- number of employees;
- structure of the business defined in terms of asset turnover (revenue/assets) and profit margin; and

[Table of Contents](#)

- financial performance in relation to the Company’s financial performance in terms of market capitalization, TSR, return on capital and profitability.

In selecting peer companies, the Compensation Committee takes a collective view of the selection criteria, and reviews companies suggested by our management team, companies that consider us to be their peer, peers of our peers and peer groups utilized by others in their analysis of us, and does not rely on any single metric. The Compensation Committee believes that the peer companies represent companies of similar size and complexity to us.

In some instances, the outside compensation consultant also presented our Compensation Committee with broad survey data which was supplemented with data from the Fiscal 2018 Peer Group for the CEO, the Chief Financial Officer and the Executive Vice President position for market target annual and long-term incentives, which was based on executive-position match, as another means by which our Compensation Committee could assess and judge the compensation paid to our named executive officers. When utilized, the survey data is further size adjusted using regression equations based on the revenue responsibility of the executive position.

Base Salaries. In May 2017, a review was conducted of our named executive officers’ base salaries in light of their performance and the survey and peer group data presented by our compensation consultant. Following such review, it was determined that the base salaries of our named executive officers would not be changed. At such levels, the base salaries of our named executive officers continued to align with our then compensation philosophy of paying base salaries below the market median. Based on the survey data presented by our compensation consultant, these base salaries are positioned relative to the market median as follows: Mr. Sykes - 6% below market; Mr. Russo - 11% below market; and Mr. Basso - 6% below market.

Fiscal 2018 Annual Cash Bonus Program. At the recommendation of our Compensation Committee, in May 2017, our Board approved the annual cash incentive bonus plan for Fiscal 2018 (the “FY18 Annual Incentive Plan”). The performance metrics for the FY18 Annual Incentive Plan were organic revenue growth (40% weighting) and adjusted operating margin dollars and a ratio of certain working capital components to revenues (each 30% weighting). The performance goals for the FY18 Annual Incentive Plan and the actual Company achievement of such performance goals were as follows and are converted at a constant currency rate to eliminate the impact of foreign currency:

	Weighting	Actual FY18 Annual Incentive Plan Performance	FY18 Annual Incentive Plan Performance Goals			
			Actual FY18 Performance as a Percent of Target Goal	Threshold (50% Payout)	Target	Maximum (200% Payout)
Revenue (\$ in millions)	40%	\$796.2	88%	\$888.4	\$906.0	\$955.9
Adjusted operating income (\$ in millions)	30%	\$(14.0)	(49)%	\$26.8	\$28.8	\$35.3
Working capital/revenues	30%	15.5%	100%	16.0%	15.5%	14.2%

For the FY18 Annual Incentive Plan, “adjusted operating income” was operating income excluding the impact of currency changes plus Reconciling Items (as defined below); “revenue” was total revenues excluding the impact of currency changes and the impact of acquisitions or dispositions; and “working capital/revenues” is a ratio of certain working capital accounts which exclude the impact of currency changes and any material balance sheet write-offs during the year to revenues which also exclude the impact of currency changes. These performance goals were weighted as shown above. “Reconciling Items” were: (i) amortization of intangible assets, (ii) variance to budget (operating and depreciation) related to the ERP migration as approved by the Board in December 2016, (iii) restructuring expenses and (iv) for each of the following items, unplanned amounts from: (a) any non-recurring or unusual item with a cost in excess of \$100,000, (b) asset write-up depreciation, (c) acquisition-related expenses, (d) the impact of expenses, settlements, judgments and fines associated with material legal matters (\$500,000 or greater per matter), (e) the effect of changes in tax laws or accounting principles affecting results and (f) asset impairment.

The Compensation Committee considered other performance metrics as potential performance measures for the FY18 Annual Incentive Plan but concluded that the foregoing metrics were appropriate and consistent with our compensation objectives. The Compensation Committee retained negative discretion to decrease any payout that would otherwise be made under the FY18 Annual Incentive Plan.

[Table of Contents](#)

Pursuant to the FY18 Annual Incentive Plan design, the achievement of the performance goals at the threshold level would have resulted in a payout of 50% of targeted annual bonus, the achievement of the performance goals at the target level would have resulted in a payout of 100% of targeted annual bonus and the achievement of the performance goals at the maximum level would have resulted in a payout of 200% of targeted annual bonus. The targeted annual bonus award levels under the FY18 Annual Incentive Plan for our named executive officers were as follows: Mr. Sykes - 100% of base salary, or \$650,000; Mr. Russo - 60% of base salary, or \$222,000; and Mr. Basso - 80% of base salary, or \$294,000. The foregoing amounts reflect the cash bonus that the executive would have received if each performance goal was achieved at the target level. The FY18 Annual Incentive Plan design was intended to comply with IRC Section 162(m) thereby preserving the deductibility of compensation and enhancing our governance structure by using objective pre-established performance goals and stockholder approved performance metrics.

As shown above, in Fiscal 2018, our revenue and adjusted operating income performance were below their respective thresholds, resulting in no payout from these metrics. Our working capital/revenues performance metric was achieved at the target level; however, at the request of Company management, our Compensation Committee demonstrated its commitment to pay for performance by utilizing negative discretion to eliminate any payouts under the FY18 Annual Incentive Plan.

Revenue of \$796.2 million was computed as Fiscal 2018 revenue of \$774.6 million plus \$21.6 million of foreign currency. Adjusted operating loss of \$14.0 million was computed as operating loss of \$45.3 million plus \$1.0 million of foreign currency plus Reconciling Items of \$30.3 million. Working capital/revenues of 15.5% was computed as trailing 4-quarter weighted-average net assets of \$123.5 million (consisting of Accounts receivable, net, Inventories, net, Costs/estimated earnings in excess of billings on uncompleted contracts, Accounts payable, Deferred revenue and Billings in excess of costs/estimated earnings on uncompleted contracts, plus \$8.2 million of foreign currency) divided by \$796.2 million of revenue (see above for components of this metric).

Fiscal 2018 Long-Term Incentive Program. In connection with its Fiscal 2018 compensation decisions, the Compensation Committee, with the assistance of our compensation consultant, reviewed the equity-based long-term incentive awards utilized in the Fiscal 2017 Long-Term Incentive Program (“FY17 LTIP”) in order to determine whether they remained appropriate to achieve our objectives consistent with our compensation philosophy. These objectives for the long-term incentive program included facilitating the achievement of long-range goals, promoting value creation for our stockholders and providing certain long-term incentive that is independent of the Company’s stock price. After consideration and input from our management and our compensation consultant, our Compensation Committee recommended, and our Board approved, the Fiscal 2018 Long-Term Incentive Program (“FY18 LTIP”) in a form substantially similar to the FY17 LTIP. Accordingly, the FY18 LTIP is comprised of a restricted stock unit grant payable in shares of Common Stock representing 20% of the award, a stock option grant representing 30% of the award and performance share awards representing, at the target level payout at the time of grant, 50% of the award and payable in shares of Common Stock.

The restricted stock units and stock options granted pursuant to the FY18 LTIP will vest in equal increments over three (3) years. The payout on 50% of the dollar value of the performance share awards will be based on the Company’s performance relative to a cumulative adjusted EBITDA goal (the “FY18 EBITDA Goal”) and the payout on the remaining 50% of the dollar value of the performance share awards will be based on the Company’s TSR relative to the Fiscal 2018 Peer Group’s TSR, in each case for the three (3) fiscal years ending March 31, 2020. With respect to the performance share awards based on the FY18 EBITDA Goal,

- the achievement of a threshold amount of the FY18 EBITDA Goal will result in a payout of 50% of such performance share awards;
- the achievement of 100% of the FY18 EBITDA Goal will result in a payout of 100% of such performance share awards; and
- the achievement of a maximum amount of the FY18 EBITDA Goal will result in a payout of 200% of such performance share awards.

With respect to the performance share awards based on relative TSR,

- the ranking of the Company’s TSR in the 35th percentile of the peer group’s TSR will result in a payout of 50% of such performance share awards;
- the ranking of the Company’s TSR in the 55th percentile of the peer group’s TSR will result in a payout of 100% of such performance share awards;
- the ranking of the Company’s TSR in the 75th percentile of the peer group’s TSR will result in a payout of 150% of such performance share awards; and
- the ranking of the Company’s TSR in the 100th percentile of the peer group’s TSR will result in a payout of 200% of such performance share awards.

If the Company’s TSR over the performance period is negative, the award is capped at 100% regardless of the Company’s performance relative to the peer group.

Subject to Board review and approval, the Compensation Committee approved the following targeted amounts and awards under the FY18 LTIP to the Company's executive officers: Mr. Sykes - a restricted stock unit award for 49,430 shares of the Common Stock, a stock option grant for 238,830 shares of the Common Stock and performance share awards for 121,160 shares of the Common Stock with an aggregate grant date value of approximately \$2,002,000; Mr. Russo - a restricted stock unit award for 13,700 shares of the Common Stock, a stock option grant for 66,210 shares of the Common Stock and performance share awards for 33,590 shares of the Common Stock with an aggregate grant date value of approximately \$555,000; and Mr. Basso - a restricted stock unit award for 18,150 shares of the Common Stock, a stock option grant for 87,680 shares of the Common Stock and performance share awards for 44,490 shares of the Common Stock with an aggregate grant date value of approximately \$735,000. Certain key, non-executive officer employees are also participating in the FY18 LTIP generally on the same relative basis as the executive officers.

At the time of grant, the FY18 EBITDA Goal for the performance share awards was likely to be achieved at the threshold level, was unlikely to be achieved at 100% of target and was highly unlikely to be achieved at the maximum level. As of the date of this proxy statement, it is highly unlikely that the FY18 EBITDA Goal for the performance share awards will be achieved at the threshold level.

Based on the survey data discussed above, the FY18 LTIP opportunity for Mr. Sykes was positioned 11% below the market median.

Fiscal 2016 Long-Term Incentive Program Results

The Fiscal 2016 Long-Term Incentive Program (the "FY16 LTIP") followed the same design format as the FY18 LTIP described above. Accordingly, the FY16 LTIP comprised of a restricted stock unit grant payable in shares of Common Stock representing 20% of the award, a stock option grant representing 30% of the award and performance share awards representing, at the target level payout at the time of grant, 50% of the award and payable in shares of Common Stock, with the performance criteria for the performance share awards under the FY16 LTIP being Adjusted EBITDA for 50% of the performance share awards and TSR relative to the Fiscal 2016 Peer Group for the other 50% of such awards, and with a three-year performance period ended March 31, 2018 (the "FY16 LTIP Performance Period").

In May 2018, the Compensation Committee reviewed the Company's performance with respect to these metrics. The Company achieved Adjusted EBITDA of \$47.3 million (Net loss of \$180.2 plus Reconciling Items applicable to that program of \$227.5 million) for the FY16 LTIP Performance Period against a target of \$263.8 million, resulting in no payout of performance share awards based on this metric. With respect to the performance share awards based on relative TSR, the Company achieved below the threshold of the 35th percentile; thus, no payout was made on these awards. This result demonstrates the alignment of the Company's compensation programs with its pay-for-performance philosophy.

Compensation Decisions with respect to New CEO

Mr. Trammell was elected to serve as the President and CEO effective November 17, 2017. As previously disclosed, the Board, based on a recommendation from the Compensation Committee, approved for Mr. Trammell an annual base salary of \$650,000, which was the same base salary of the previous CEO. The Board also approved an agreement with Mr. Trammell described in the section of this proxy statement entitled "*Potential Payments Upon Termination or Change-In-Control*."

Description of Compensation Practices and Policies for Fiscal 2019

In connection with our Fiscal 2019 compensation decisions, our Compensation Committee again engaged our outside compensation consultant to undertake a comprehensive market assessment to provide our Compensation Committee with context and market insights for making compensation decisions. This review included a discussion of current market trends in executive compensation.

For its Fiscal 2019 compensation decisions, our Compensation Committee reviewed peer group data developed by our compensation consultant at the request of our Compensation Committee. The peer group utilized for Fiscal 2019 compensation decisions was the same as the Fiscal 2018 Peer Group (the "Fiscal 2019 Peer Group").

[Table of Contents](#)

Our compensation consultant also presented and our Compensation Committee reviewed broad survey data as supplemented with data from the Fiscal 2019 Peer Group for the CEO, the Chief Financial Officer and the Executive Vice President for market target annual and long-term incentives. Our compensation consultant presented this data to the Compensation Committee in relation to the positions held by our named executive officers to develop overall compensatory arrangements for these executives.

Our CEO made recommendations to the Compensation Committee regarding Fiscal 2019 that significantly lowered overall compensation paid to our named executive officers, particularly to the CEO, as noted in detail below. Our Compensation Committee discussed with the CEO these proposals relating to the compensation of our named executive officers (other than the CEO). After discussions with our CEO and the outside compensation consultant, our Compensation Committee recommended to our Board for approval the Fiscal 2019 total direct compensation described below for the named executive officers (other than our CEO). In the case of our CEO, after review of peer group and survey data with the compensation consultant in the absence of our CEO, and in consideration of our CEO's recommendation, our Compensation Committee recommended to our Board for approval the Fiscal 2019 total direct compensation described below for our CEO. Our Compensation Committee believes that the incentive compensation of the named executive officers (annual cash bonus and long-term incentive compensation) described below, combined with Fiscal 2019 base salaries, while significantly below market medians, provides a compensation opportunity for our named executive officers appropriate with the Company's financial position.

Base Salaries. A review was conducted of our named executive officers' base salaries in light of their performance and the survey and peer group data presented by our compensation consultant and our compensation philosophy to pay market salaries. Following such review, while the base salaries of our named executive officers were found to be below market, based on the Company's financial position, and consistent with the Company management's recommendations, it was determined that the base salaries of our named executive officers should not be increased. The base salaries of our named executive officers, based on the survey data presented by our compensation consultant, are positioned relative to the market median as follows: Mr. Trammell - 5% below market; Mr. Russo - 13% below market; and Mr. Basso - 10% below market.

Fiscal 2019 Annual Cash Bonus Program. At the recommendation of our Compensation Committee, in May 2018, our Board approved an annual cash incentive bonus plan for Fiscal 2019 (the "FY19 Annual Incentive Plan") with a working capital/revenue metric. The main objective of the FY19 Annual Incentive Plan is to motivate our named executive officers manage the Company's working capital.

Payouts range from 50% to 200% of targeted annual bonus depending upon the level of performance. The Compensation Committee retained negative discretion to decrease the amount of any award earned under the FY19 Annual Incentive Plan.

The Compensation Committee granted, and the Board approved, targeted annual bonus awards under the FY19 Annual Incentive Plan to the Company's executive officers as follows: Mr. Trammell - 80% of base salary, or 30% below market median; Mr. Russo - 60% of base salary, or 15% below market median; and Mr. Basso - 60% of base salary, or 10% below market median.

Fiscal 2019 Total Cash Compensation. Total cash compensation is comprised of base salary and annual cash bonus opportunity. Based on the survey data discussed above, the target total cash compensation for the named executive officers is positioned relative to the market median as follows: Mr. Trammell - 19% below market; Mr. Russo - 20% below market; and Mr. Basso - 16% below market.

Fiscal 2019 Long-Term Incentive Program. In connection with its Fiscal 2019 compensation decisions, and in light of a limited number of shares available under the Company's 2008 Long-Term Incentive Plan, as amended ("Incentive Plan"), upon the recommendation of Company management, and after consultation with its outside compensation consultant, the Compensation Committee decided that the Long-Term Incentive Program for Fiscal 2019 (the "FY19 LTIP") should be comprised of a single equity vehicle, namely stock options. Management also recommended that, following the determination of the dollar value targets for the FY19 LTIP awards, and after allocation of shares for the Company's team members, that the shares available for issuance for stock options be allocated proportionately to the named executive officers and other executive team members based on their respective FY19 LTIP targets.

In addition, the CEO recommended that the CEO's FY19 LTIP award, in light of the foregoing factors, be reduced significantly to 50% of the market median, while aligning the FY19 LTIP award for the other named executive officers. This resulted in aggregate FY19 LTIP targets of 30% below the market medians for the named executive officers. As noted, the actual awards to the Company's named executive officers were decreased further due to the limited number of shares available for awards in the current plan.

In terms of process, the Compensation Committee recommends, and the Board approves LTIP awards based on a dollar value as well as a methodology for determining the number of shares under each award based on such dollar value. The same methodology was applied with respect to the FY18 LTIP awards.

With the limited number of shares available for grant, after allocating the available shares as discussed above, the Compensation Committee and the Board approved the following stock option awards under the FY19 LTIP to the Company's named executive officers: Mr. Trammell - a stock option grant for 474,740 shares of the Common Stock with an aggregate grant

[Table of Contents](#)

date value of approximately \$728,000 or 72% below the market median; Mr. Russo - a stock option grant for 270,240 shares of the Common Stock with an aggregate grant date value of approximately \$415,000 or 50% below market median; and Mr. Basso - a stock option grant for 268,410 shares of the Common Stock with an aggregate grant date value of approximately \$412,000 or 24% below market median. In the aggregate, the FY19 LTIP awards made to the named executive officers were 61% below the market median.

Executive Stock Ownership Guidelines

In connection with the Fiscal 2016 compensation decisions, at the recommendation of management and the Compensation Committee, the Board amended the stock ownership guidelines applicable to our named executive officers to provide clarity regarding the amount of stock required to be held to meet the guidelines relative to base salary.

Our stock ownership guidelines utilize a retention approach. As revised, under these guidelines, our named executive officers are required to hold 100% of the net, after-tax shares of Common Stock issued to them pursuant to awards until such named executive officer's shares have a value of 1.5 times (3.0 times for the CEO) his or her base salary. For newly named executive officers, in order to facilitate executive recruitment, such retention guidelines are 60% for the first two (2) years, 80% for the next two (2) years and 100% thereafter. All of our named executive officers are in compliance with these ownership guidelines.

No Retirement Benefits

We do not have a Company-funded post-retirement medical benefits program or a defined benefit pension program for our key employees.

Anti-Hedging Policy

The Company has a policy prohibiting employees (and directors) from engaging in any hedging activity with respect to the Company's public equity securities (including any security convertible into any such security). Prohibited hedging activities include prepaid variable forward contracts, puts and calls, equity swaps, collars, short-sales and exchange funds or any other transaction that is designed to or has the effect of hedging or offsetting any decrease in the market value of a security.

Clawback Policy

The independent directors of the Board may direct the Company to seek to recover all or a portion of any bonus or incentive compensation realized (whether from cash or equity awards), or cancel any equity awards granted, to an executive officer or former executive officer if the Company's financial results are restated due to or substantially due to intentional fraud or misconduct by any such person. The bonus or incentive compensation to be recouped is to be based on the financial results that were restated and the person in question must have engaged in the intentional misconduct or fraud. This remedy is not exclusive and, therefore, the independent directors also may pursue any and all other remedies available including termination of such person.

No Perquisites

The Company does not provide perquisites to its executives.

Change-in-Control and Employment Termination Arrangements

We entered into agreements with Mr. Trammell in November 2017, Mr. Russo in April 2017 and Mr. Basso in January 2013, when each joined the Company.

The agreements with Messrs. Trammell, Russo and Basso generally provide for certain benefits to these named executive officers in the event that their respective employment is terminated within two (2) years of a change-in-control either by (i) us for a reason other than cause, death, disability or retirement or (ii) the named executive officer's resignation for good reason.

Our Compensation Committee and our Board approved these agreements and change-in-control and employment termination provisions in our compensation arrangements to reduce the distraction regarding the impact of such a transaction on the personal situation of a named executive officer and to provide incentives to them to remain with us through the consummation of a change-in-control transaction, if any. The level of severance provided, should the executive be terminated prior to or within two (2) years following a change-in-control, aligns with the level commonly provided in the market.

For a more detailed description of the change-in-control arrangements with our named executive officers, see the "*Potential Payments Upon Termination or Change-in-Control*" section of this proxy statement.

Other Matters

Section 409A of the Code generally provides that amounts deferred under nonqualified deferred compensation arrangements will be subject to accelerated income recognition, interest and substantial penalties unless the arrangement satisfies certain design and operational requirements. We have modified our compensatory arrangements as necessary so that compensation payable under

[Table of Contents](#)

the arrangements is not subject to taxation under Section 409A. These amendments were not intended to increase the benefits payable under our plans and arrangements.

Section 162(m) provides that a publicly-traded corporation may not deduct from its federal income taxes compensation in excess of \$1 million for amounts paid to each of its chief executive officer or to any of the three (3) highest compensated officers other than the chief executive officer unless such excess compensation is “performance-based.” Among other requirements, for compensation to be “performance-based” for purposes of Section 162(m), the performance goals must be pre-established and objective. The awards made pursuant to our annual and long-term incentive plans were issued pursuant to the Incentive Plan, and, other than the restricted stock units, are intended to be “performance-based” for purposes of Section 162(m). Our Compensation Committee or Board also may provide incentive compensation that is not “performance-based” for purposes of Section 162(m) and, therefore, not deductible for federal income tax purposes to the extent that non-deductible compensation is in excess of the \$1 million limitation.

- (1) Reflects the aggregate grant date fair value with respect to awards of restricted stock units and performance shares for each named executive officer computed in accordance with FASB ASC Topic 718. The assumptions underlying the valuation of these awards is set forth in Note 12 of the Notes to the Consolidated Financial Statements set forth in the 2018 Form 10-K. The amount presented for Fiscal 2018 assumes the payout at target of performance share awards granted to Messrs. Sykes, Russo and Basso. If these performance share awards were to be paid out at the maximum amount, the value of all stock awards for Fiscal 2018 for Messrs. Sykes, Russo and Basso would be \$2,402,359, \$863,238 and \$882,141, respectively.
- (2) Reflects the dollar amount recognized for financial statement reporting purposes in accordance with FASB ASC Topic 718. For Fiscal 2018, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 6.1 years; volatility of 45.3%; a risk-free interest rate of 2.1%; and a dividend yield of 3.9%. For Fiscal 2017, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 6.8 years; volatility of 41.7%; a risk-free interest rate of 1.6%; and a dividend yield of 3.1%. For Fiscal 2016, the weighted-average assumptions underlying the valuation of the stock options under the Black-Scholes option pricing model are as follows: expected life of 7.5 years; volatility of 43.9%; a risk-free interest rate of 2.0%; and a dividend yield of 1.8%.
- (3) For Mr. Trammell, includes amounts paid to him in retainer fees and the value of equity awards made to him for his service as a non-employee director prior to becoming our CEO on November 17, 2017. These amounts also are shown in the tables set forth in the “Compensation of Directors” section of this proxy statement. For Mr. Trammell, Fiscal 2018 also includes payments for life insurance premiums since becoming CEO. For Messrs. Russo and Basso, represents amounts paid by us under a 401(k) plan and payments for life insurance premiums. For Mr. Sykes, represents \$854,000 in severance paid as part of his separation letter, consistent with the agreement entered into at the time of his recruitment to the Company, amounts paid by us under a 401(k) plan and payments for life insurance premiums, moving expenses and accrued paid time off.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

We do not have employment agreements with our named executive officers. We entered into an agreement with Mr. Sykes in February 2016 when he joined the Company as our President and CEO, with Mr. Trammell in November 2017 when he joined the Company as our President and CEO, with Mr. Basso in January 2013 when he joined the Company as Executive Vice President, General Counsel and Secretary, and with Mr. Russo in April 2017 when he joined the Company as our Senior Vice President, CFO and Treasurer. These agreements provide for certain benefits to the named executive officers in the event of a qualifying termination of their employment as described below. The original term of each of the agreements is five (5) years with an automatic renewal on a one-year basis thereafter absent notice of nonrenewal six (6) months prior to the renewal date; *provided, however*, that if a Change-in-Control (as defined below) occurs during the initial or any renewal period, the agreement will survive until the second anniversary of the date of the Change-in-Control.

Each of the above-mentioned agreements contains provisions prohibiting the respective named executive officer from competing with us during his employment with us and for certain periods of time thereafter. Specifically, without our prior written consent, the named executive officers may not directly or indirectly engage in, assist or have an active interest in (whether as proprietor, partner, investor, stockholder, officer, director or any type of principal whatsoever), or enter the employ of or act as agent for, or advisor or consultant to, any person, firm, partnership, association, corporation or business organization, entity or enterprise which is or is about to become directly or indirectly engaged in any business that is competitive with any of our businesses in which the named executive officer is or was engaged.

Our named executive officers are also bound, during the term of their agreement and at all times thereafter, by restrictive covenants with respect to confidential information, as more fully described in their respective agreements. They are not permitted, unless authorized in writing by us, to disclose or cause to be disclosed such confidential information or to authorize or permit such disclosure of the confidential information to any unauthorized third party, or to use the confidential information (i) for their own benefit or advantage, (ii) for the benefit or advantage of any third party or (iii) in any manner which is intended to injure or cause loss, whether directly or indirectly, to us. At any time upon our request, and immediately upon termination, the named executive officers must surrender all written or otherwise tangible documentation representing such confidential information to us.

A description of the other material terms of these agreements and estimates of the payments and benefits which each named executive officer would receive upon a qualifying termination are set forth below. The estimates have been calculated assuming a termination date of March 31, 2018, and are based upon the closing price of our Common Stock on NASDAQ (\$2.00) on that date. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, such as the timing during the year of any triggering event and our stock price, the actual amounts to be paid or distributed may be different.

As previously noted, Mr. Sykes' employment with the Company ended on November 16, 2017. In connection with such termination, and in accordance with his agreement entered into when he became our CEO in February 2016, the Company paid

Mr. Sykes severance in the amount shown in the “All Other Compensation” column of the Summary Compensation Table. No other payments or benefits are owed to Mr. Sykes under his agreement.

Termination Payments and Benefits Outside of a Change-in-Control

Joel T. Trammell:

Under the terms of his agreement, if Mr. Trammell's employment with the Company is terminated (i) due to his death or Disability (as defined below), (ii) by Mr. Trammell other than for Good Reason for Termination (as defined below) or (iii) by us due to Cause for Termination or in accordance with Retirement (each as defined below), then, except as otherwise set forth below, we have no payment obligations to him other than as provided by our various policies, procedures and practices generally applicable to all employees.

If, however, Mr. Trammell's employment with the Company is involuntarily terminated during the term of his agreement and prior to a Change-in-Control (i) by us (other than due to his death or Disability, by us due to Cause for Termination, or in accordance with Retirement), or (ii) by Mr. Trammell for Good Reason for Termination other than at a time when we could have terminated him due to Cause for Termination (as defined below), or if Mr. Trammell's agreement is not renewed, other than due to his retirement, then Mr. Trammell is entitled to receive a payment equal to his annual base salary at the rate in effect on the termination date, plus medical insurance and other similar benefits for eighteen (18) months following the termination date. Such payment is to be made to Mr. Trammell in the form of a lump sum, subject to all applicable withholdings, within sixty (60) days following the termination date; *provided, however*, that in order for Mr. Trammell to terminate his employment for Good Reason for Termination, (i) he must deliver a notice of termination to us within ninety (90) days of the event constituting Good Reason for Termination, (ii) the event must remain uncorrected for thirty (30) days following the date on which Mr. Trammell gives us notice of his intent to terminate (the “Notice Period”) and (iii) the termination date must occur within sixty (60) days after the expiration of the Notice Period.

Named Executive Officers other than Mr. Trammell:

The agreements with our named executive officers other than Mr. Trammell do not provide for any benefits outside of a change-in-control context. If their respective employment is terminated due to death or Disability or by them or by us at any time prior to a Change-in-Control or in accordance with Retirement, then we have no payment obligations to them other than as provided by our various policies, procedures and practices generally applicable to all employees.

Certain Definitions:

The following definitions are contained in the agreements with Messrs. Trammell, Russo and Basso:

Cause for Termination: named executive officer's deliberate and intentional failure to devote his best efforts to the performance of duties, gross misconduct materially and demonstrably injurious to us, conviction of criminal fraud, embezzlement against us or a felony involving moral turpitude, continuing failure after notice to adhere to the nondisclosure and noncompete portions of the agreements (described above) or willful failure to follow instructions of our Board. For purposes of this definition, no act, or failure to act, on the named executive officer's part shall be considered “deliberate and intentional” or to constitute gross misconduct unless done, or omitted to be done, by the named executive officer not in good faith and without reasonable belief that the named executive officer's action or omission was in the best interests of the Company.

Change-in-Control: a change-in-control of the Company is deemed to occur if:

- i. it is reportable as such by SEC rules;
- ii. twenty percent (20%) or more of the combined voting power of our then-outstanding capital stock is acquired, coupled with or followed by a change in a majority of the members of our Board; or
- iii. we sell all or substantially all of our assets or merge, consolidate or reorganize with another company and (x) upon conclusion of the transaction less than fifty-one percent (51%) of the outstanding securities entitled to vote in the election of directors of the acquiring company or resulting company are owned by the persons who were our stockholders prior to the transaction, and following the transaction there is a change in a majority of the members of our Board or (y) following the transaction, a person or group would be the owner of twenty percent (20%) or more of the combined voting power of the acquiring company or resulting company, and there is a change in a majority of the members of our Board.

Disability: incapacity due to physical or mental illness or injury which causes a named executive officer to be unable to perform his duties to us during ninety (90) consecutive days or one hundred twenty (120) days during any six (6) month period.

Good Reason for Termination: a material negative change in the named executive officer's service relationship with us and any Affiliate of ours, taken as a whole, without his consent, on account of one or more of the following conditions: (i) a material diminution in his base compensation; (ii) a material diminution in his authority, duties or responsibilities (including, for

[Table of Contents](#)

Mr. Trammell, having to report to a person other than the Chairman of the Board, Lead Director or the full Board); or (iii) a change in the geographic location at which the named executive officer must report to and perform the majority of his services of more than fifty (50) miles (or, for Mr. Trammell, a relocation from Austin, Texas). For these agreements, "Affiliate" means, with respect to any person or legal entity, any other person or legal entity controlling, controlled by or under common control with such person or legal entity.

Retirement: termination of the named executive officer's employment after age sixty-five (65) or in accordance with any mandatory retirement arrangement with respect to an earlier age agreed to by such named executive officer.

Treatment of Outstanding Equity Awards Under Our Incentive Plan and Various Award Agreements:

Our Incentive Plan and various award agreements provide for the treatment of outstanding equity awards in the event of a termination outside a Change-in-Control, as follows:

Death and Disability – If an employee's employment with the Company is terminated by reason of death or disability (as described in Section 22(e)(3) of the Code), any restricted stock unit awards previously granted to such employee under the Incentive Plan (which have not otherwise been forfeited) will vest and all restrictions will lapse as of the date of such employee's death or disability. An employee would also be entitled to receive a prorated portion of the shares of Common Stock, if any, to which he would otherwise have been entitled pursuant to any performance share awards granted to such employee under the Incentive Plan, determined after completion of the applicable performance period for such award and based on the achievement of the applicable performance conditions, and then prorated based on the ratio of the number of complete months that he was employed during such award's performance period to the total number of months in the performance period. A termination due to death or disability would not result in the acceleration of any stock options held by the employee under the terms of our Incentive Plan and applicable award agreements. In the event of an employee's termination due to disability, any outstanding options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) years from the date of his or her termination (but in no event after such option's expiration date). If the employee were to die while employed by the Company or during the three (3) year period following a termination due to disability or retirement, any options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of his or her death) for three (3) years from the date of his death by his legal representative or such other person who the acquired the option by bequest or inheritance or by reason of his death (but in no event after such option's expiration date).

Retirement – If an employee's employment with the Company is terminated by reason of retirement (as defined above), the employee would be entitled to receive a prorated portion of the shares of Common Stock, if any, to which he would otherwise have been entitled pursuant to any performance share awards granted to such employee under the Incentive Plan, determined after completion of the applicable performance period for such award and based on the achievement of the applicable performance conditions, and then prorated based on the ratio of the number of complete months that he was employed during such award's performance period to the total number of months in the performance period. Any unvested restricted stock units held by such employee would become null and void and be forfeited to the Company at the time of termination. Similarly, a termination due to retirement would not result in the acceleration of any stock options held by the employee under the terms of our Incentive Plan and applicable award agreements. In the event of an employee's termination due to retirement, any outstanding options held by such employee would remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) years from the date of his or her retirement (but in no event after such option's expiration date). None of our named executive officers are currently retirement eligible.

Voluntary or Involuntary Termination – If an employee's termination is the result of his or her voluntary termination or involuntary termination (with or without cause), any unvested restricted stock units and any unvested performance shares will become automatically null and void and be forfeited to the Company. In the event an employee is dismissed other than "for cause" (as defined below), any outstanding options held by such employee will remain exercisable (but only to the same extent such employee was entitled to exercise the option on the date of termination) for three (3) months after the date of termination. In the event an employee voluntarily terminates his or her employment with the Company, any outstanding options held by such employee will terminate immediately. In the event an employee is terminated "for cause" (as defined below) any outstanding awards held by such employee will terminate immediately.

Under our Incentive Plan, "for cause" means (i) with respect to an employee who is party to a written agreement with, or, alternatively, participates in a compensation or benefit plan of the Company, which agreement or plan contains a definition of "for cause" or "cause" (or words of like import) for purposes of termination of employment thereunder by the Company, "for cause" or "cause" as defined in the most recent of such agreements or plans or (ii) in all other cases, (a) the willful commission by an employee or director of a criminal or other act that causes substantial economic damage to the Company or substantial injury to the business reputation of the Company; (b) the commission by an employee of an act of fraud in the performance of such employee's duties on behalf of the Company or (c) the continuing willful failure of an employee to perform the duties of such employee to the Company (other than such failure resulting from the employee's incapacity due to physical or mental illness) after written

[Table of Contents](#)

notice thereof (specifying the particulars thereof in reasonable detail) and a reasonable opportunity to be heard and cure such failure are given to the employee by the Board or the Compensation Committee. For purposes of the Incentive Plan, no act or failure to act on the employee's part shall be considered "willful" unless done or omitted to be done by the employee not in good faith and without reasonable belief that the employee's action or omission was in the best interests of the Company.

Termination Payments and Benefits After a Change-in-Control

The agreements with Messrs. Trammell, Russo and Basso provide for payments and other benefits if such named executive officer is terminated within two (2) years following a Change-in-Control either by (i) us other than for Cause for Termination, death, Disability or Retirement or (ii) the individual's resignation for Good Reason for Termination.

In addition to any accrued but unpaid benefits, the agreements entitle each named executive officer to an amount of cash equal to the sum of:

- two (2) times (three (3) times in the case of Mr. Trammell) the sum of his then current annual base salary in the year of termination (or, if greater, (x) in the case of termination for Good Reason for Termination, the named executive officer's salary preceding the date giving rise to his Good Reason for Termination or (y) the named executive officer's salary for the year in effect on the date of the Change-in-Control)
- two (2) times (three (3) times in the case of Mr. Trammell) the greatest of (x) one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years immediately preceding the date of termination, (y) in the case of termination for Good Reason for Termination, one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years preceding the date giving rise to the named executive officer's Good Reason for Termination or (z) one third (1/3) of the aggregate cash bonuses or awards received by the named executive officer as incentive compensation or bonus during the three (3) calendar years preceding the date of the Change-in-Control
- an amount equal to the total cash award or bonus that would have been received by the named executive officer under any long-term incentive plan, assuming that, in addition to any goals met prior to the termination date, all goals that were to be measured after such date were achieved and the named executive officer remained employed, less any portion of the cash award or bonus for that award period previously paid to the named executive officer
- medical insurance and other similar benefits for the period of eighteen (18) months following the termination date, as if such named executive officer remained in our continuous employ during such period
- unvested options will vest and remain outstanding in accordance with their respective terms

Such payments are to be made to the named executive officer on or before the sixtieth (60th) day following the termination date.

In addition, the restricted stock unit awards granted under the Incentive Plan vest immediately prior to a change-in-control (as defined in the Incentive Plan). Similarly, our Incentive Plan and performance share award agreements provide that, if a change-in-control (as defined in the Incentive Plan) occurs prior to the conclusion of the applicable performance period, then the employee is entitled to one share of Common Stock for each performance share, and if the change-in-control occurs following the conclusion of the applicable performance period but before the settlement of the performance share award, then the employee is entitled to receive the number of shares of Common Stock determined based upon achievement of the applicable performance goals.

Estimated Termination and Change-in-Control Payments

The following tables set forth the potential payments, in addition to accrued benefits, that each of our named executive officers would have been entitled to receive assuming that his employment was terminated on March 31, 2018. The payments shown reflect the maximum amount that would have been paid. These agreements contain a provision which could have the effect of reducing such payments based on the effect of excise taxes applicable to such payments under the Code.

(1) The Incentive Plan provides that, regardless of employment termination, in the event of a “change-in-control,” all then-outstanding options will vest immediately and become exercisable. For purposes of the Incentive Plan, a “change-in-control” of the Company occurs if (i) any person becomes the beneficial owner, directly or indirectly, of our securities representing (a) fifty percent (50%) or more of the combined voting power of our then-outstanding securities or (b) twenty-five percent (25%) or more but less than fifty percent (50%) of the combined voting power of our then-outstanding securities if such transaction(s) giving rise to such beneficial ownership are not approved by our Board; or (ii) at any time a majority of the members of our Board have been elected or designated by any such person; or (iii) our Board approves a sale of all or substantially all of our assets or any merger, consolidation, issuance of securities or purchase of assets, the result of which would be the occurrence of any event described in clause (i) or (ii) above.

The exercise price for all outstanding unvested options at March 31, 2018 that would vest upon a change-in-control is higher than the closing price of the Common Stock on NASDAQ on March 31, 2018 of \$2.00.
